Huckleberry

Actual Photograph

A Rare Delicacy

Who doesn't like Blueberry pie—delicious, juicy, and rich? Here's an unusual opportunity to obtain some prized Blueberry plants for your own garden. They do well on any fairly rich well-drained soil, preferring some acid and plenty of nitrogen.

Bushes are loaded with fine fruit the second year after planting, and bear indefinitely, year in, year out.

DON'T MISS OUR BIG GIFT OFFER.

Prices: 2-year bushes, 2 for \$1.00; 4 for \$1.75; 8 for \$3.00; 12 for \$5.00; 18 for \$7.00; 25 for \$9.00.

Big Gift Planting of Blueberry Plants *Free with Early Cash Orders*

To every customer who sends us an order before April 1st, 1935, accompanied by cash in full at regular catalog rates, and who in addition sends us the names and addresses of six fruit growers, or of those really interested in purchasing nursery stock, we will send absolutely free the following number of Blueberry plants:

- 2 Blueberry plants (priced at \$1.00), free with cash orders between \$1.00 and \$3.00.
- 4 Blueberry plants (priced at \$1.75), free with cash orders between \$3.00 and \$5.00.
- 8 Blueberry plants (priced at \$3.00), free with cash orders between \$5.00 and \$10.00.
- 12 Blueberry plants (priced at \$5.00), free with cash orders between \$10.00 and \$15.00.
- 18 Blueberry plants (priced at \$7.00), free with cash orders between \$15.00 and \$25.00.
- 25 Blueberry plants (priced at \$9.00), free with cash orders amounting to \$25.00 or more.

Be sure to send the six names and addresses with your order. The gift positively will not be sent unless customer complies with this condition. This offer open until April 1st, 1935, only. Our supply of Blueberry plants is too limited to make this offer effective after April 1st. On all cash orders received after April 1st, when accompanied by the six names referred to, we will include free the Blueberry plants if still available; but if not, we will include additional nursery stock of our own selection as to variety and value, absolutely free of charge.

No special bargain collections are included in this free plant offer, nor cash orders where a special reduced price has been quoted.

**CERTIFICATE OF
NURSERY INSPECTION**
Michigan State Department of Agriculture, Orchard and Nursery Inspection, No. 4141.

This is to certify that the Nursery Stock of the Whitten-Ackerman Nurseries, Bridgman, Michigan, has been examined and found to be apparently free from dangerous insects and dangerously contagious tree and plant diseases. Fee paid \$20.20. This Certificate to be void after September 15th, 1935.

Lansing, Michigan. August 30, 1934. Samuel T. Metzger, Commissioner. Bureau of Agricultural Industry. Paul Van Deinse, Director. E. C. Mandenberg, in charge of Orchard & Nursery Inspections.

THIS IS NO TIME TO GAMBLE!

R. C. Whitten

Due to the severe winter and terrible drought, there is a great shortage of nursery stock this year. The Whitten-Ackerman families have been in the nursery business for over 50 years, and know that always after a serious drought there has not been enough stock available to fill the demand the following year.

Our prices this year are slightly higher than last, not because of the law of supply and demand but because on our farms we have produced only a fraction of our normal supply at a much higher cost to us than in previous years. In other words, it has cost us as much to raise one million hardy, healthy strawberry plants of the quality we handle as in other years it cost us to produce three million plants—and this applies to trees and other stock as well. This condition is general throughout the United States.

We are going to take care of every order we can. We don't want to fail anyone. We cannot urge you too strongly, however, to order early, so that we may reserve the stock for you. The disappointment of not securing your needs is too great a risk to take this year.

Note our extra discounts for early orders, as offered below. The money you save by ordering early, plus the satisfaction of having your needs reserved, should not be overlooked.

Buy From a Reliable Concern

100,000 Satisfied Customers—In Every State in the Union Plant Our Hardy Stock. WHY? The Reasons are Simple

SO many customers cannot be wrong—they buy from us year after year, for they know our stock can be depended upon. Here are some of the reasons:

We sell only the best hardy, northern grown stock at lowest possible prices.

We promise a fair and square deal to everyone—and make good our promise.

We ship stock subject to examination before payment.

Why can we sell fine stock at such low prices? Because—

We sell direct from our catalog only—you have no agents' commissions to pay.

We do not spend thousands of dollars on colored pictures in our catalog. We pass that saving on to you.

We purchase no large advertising space—we depend largely upon our friends and customers to advertise our stock.

R. W. Ackerman

We Aim to Tell You the Truth—We Are Farmers. Too. and Don't Try to Sell You Any Varieties We Ourselves Would Not Plant

No Cash Payment Before Shipment

possible for customers to order without sending any money. Make out your order at full prices listed in catalog, and instruct us to ship by C. O. D. Express or Parcel Post, subject to your examination by Express only, as the postal authorities do not permit examination of parcel post shipments.

Look over the shipment and see for yourself whether the stock is in good condition. If shipment is satisfactory, pay your express agent the amount due and the plants are yours—still covered by our guarantee. What could be more fair? We simply must furnish good nursery stock, or we couldn't possibly afford to make this offer.

We would advise all small shipments sent by mail, and will send your order by Parcel Post C. O. D. for purchase price, plus postage, if you prefer. All such shipments are fully covered by our guarantee.

NOTICE: The above offer does not apply on orders amounting to less than \$3.00; on Special Bargain Collections; Special Quoted Prices; nor on any orders specifying shipment later than April 25th, 1935. Cash in full must accompany all orders under \$3.00, or those calling for shipment later than April 25th; but on such orders customers will be entitled to our cash discounts from regular catalog rates, as explained at the right. **WE GUARANTEE SAFE ARRIVAL OF ALL SHIPMENTS MADE ON OR BEFORE MAY 25TH, 1935.**

You Examine Stock Before You Pay.

This offer applies only on orders amounting to \$3.00 or more, for shipment on or before April 25th, 1935.

We were the first nursery in this section of the country to adopt this unique selling plan, whereby it is possible

Order Early and Make a Big Saving

20% DISCOUNT on All Cash Orders received during January, 1935.

15% DISCOUNT on All Cash Orders received during February, 1935.

10% DISCOUNT on All Cash Orders received during the balance of 1935.

To those who wish to send all cash with order, we offer these special cash discounts from our regular printed prices (except on bargain offers and special quotations), applying on orders received for shipment any time during 1935. Order must be accompanied by cash in full to secure the benefit of these discounts. This is your opportunity to effect a material cash saving, especially on larger orders. Remember, we guarantee safe arrival of shipments made on or before May 25th, 1935. You take no chance whatever.

You may deduct the amount of the discount from your order, or include more stock for the amount.

GEM

Everbearing Strawberry

A Quick Money Crop!

Cash-in the First Season

With WHITTEN-ACKERMAN GEM secured direct from the originator, Mr. Frank Keplinger. Discovered by him on his farm in North Central Michigan.

Here's the berry you've been looking for! It's the biggest sensation in years.

Big Profits—Two Crops in One Year

Plant this spring—pick all summer—you'll get back the price paid for the plants—and MOST IMPORTANT—A BIG PROFIT BESIDES. You'll harvest another fine crop the following June—two crops in one year.

It's a wonderful plant maker. Makes a good row on any soil.

Finest Quality Fruit

Berries are extra large, no small ones to bother with. Very firm, bright red all the way through. Ripen evenly, no green tips, and—

The Flavor is the Best You've Ever Tasted

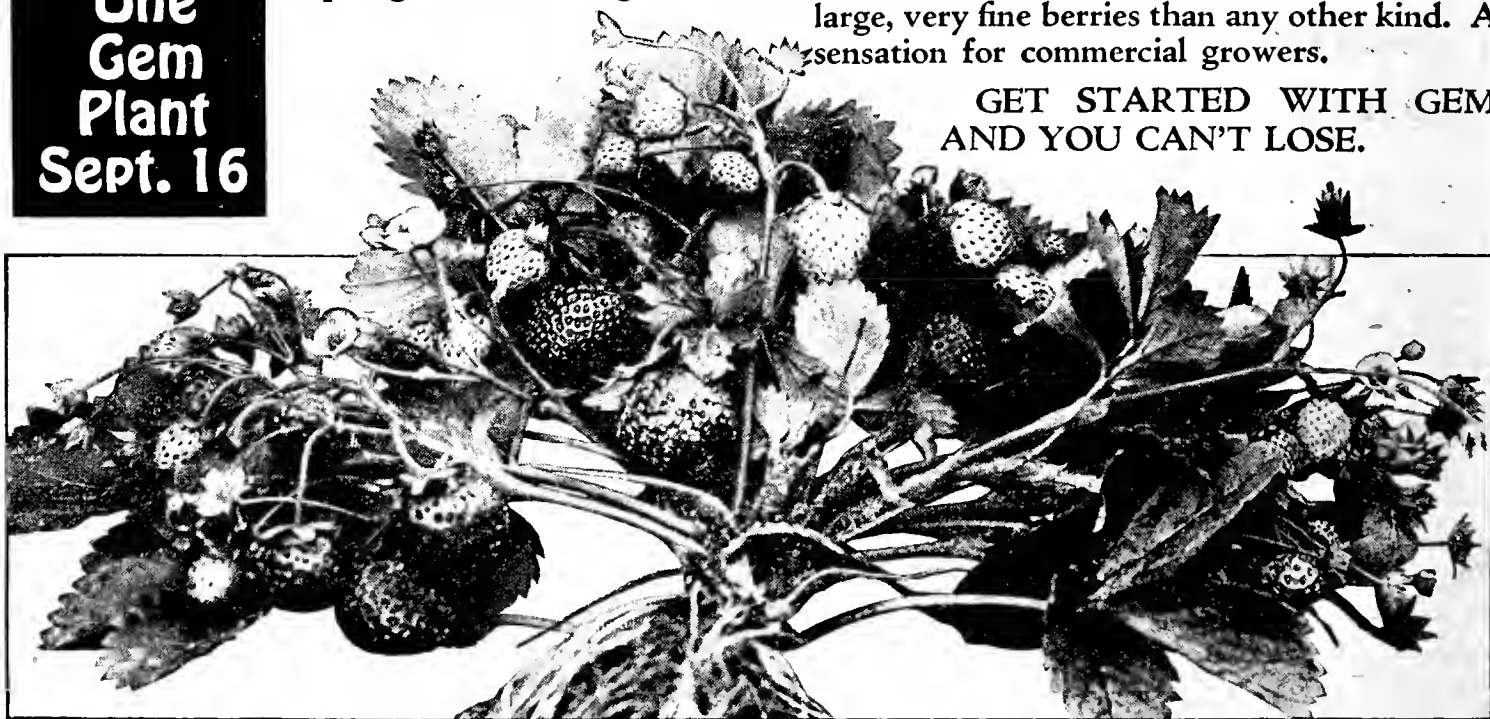

Very sweet, rich and delicious, never grassy.

Will undoubtedly take the place of Mastodon within a short time. Since the introduction of Mastodon, Gem is the only variety which surpasses it in all respects.

Look!
One
Gem
Plant
Sept. 16

Loads of berries in all stages of ripening. Note the exceptionally vigorous growth. Very healthy, always free from disease. Drought resistant. Berries hold up large in size throughout the entire season. GEM will produce more quarts of large, very fine berries than any other kind. A sensation for commercial growers.

**GET STARTED WITH GEM
AND YOU CAN'T LOSE.**

New! Beats All Others

Our Faith in GEM

It is our belief that there never has been and probably never will be another Everbearing Strawberry that even approaches Gem in the qualities that make for perfection. In our opinion Gem is soon destined to become the most widely grown Everbearing Strawberry in America.

Strawberry Plants

at the Right Price!

The lowest price is the right price, providing quality has not been sacrificed. We never sacrifice quality to make a low price.

Dorsett and Fairfax

Two Leading New Varieties

**TRIED AND TESTED—EVEN BETTER
THAN PREMIER**

Developed by U. S. Dept. of Agriculture. Both Dorsett and Fairfax far surpass in quality any varieties known to growers in this country. Flavor of the finest, coupled with the vigorous, healthy and productive growing habits, and the large, beautiful berries will undoubtedly make them the leading early Strawberries, even displacing Premier in many places.

Dorsett Berries are very firm; firmer than Premier, and are a beautiful light red in color. They hold this color well, and for this reason, together with their attractive shape and extra fine quality, will undoubtedly become the leading commercial variety. Commercial growers who have tested all kinds say that if they were limited to one variety, Dorsett would be their choice.

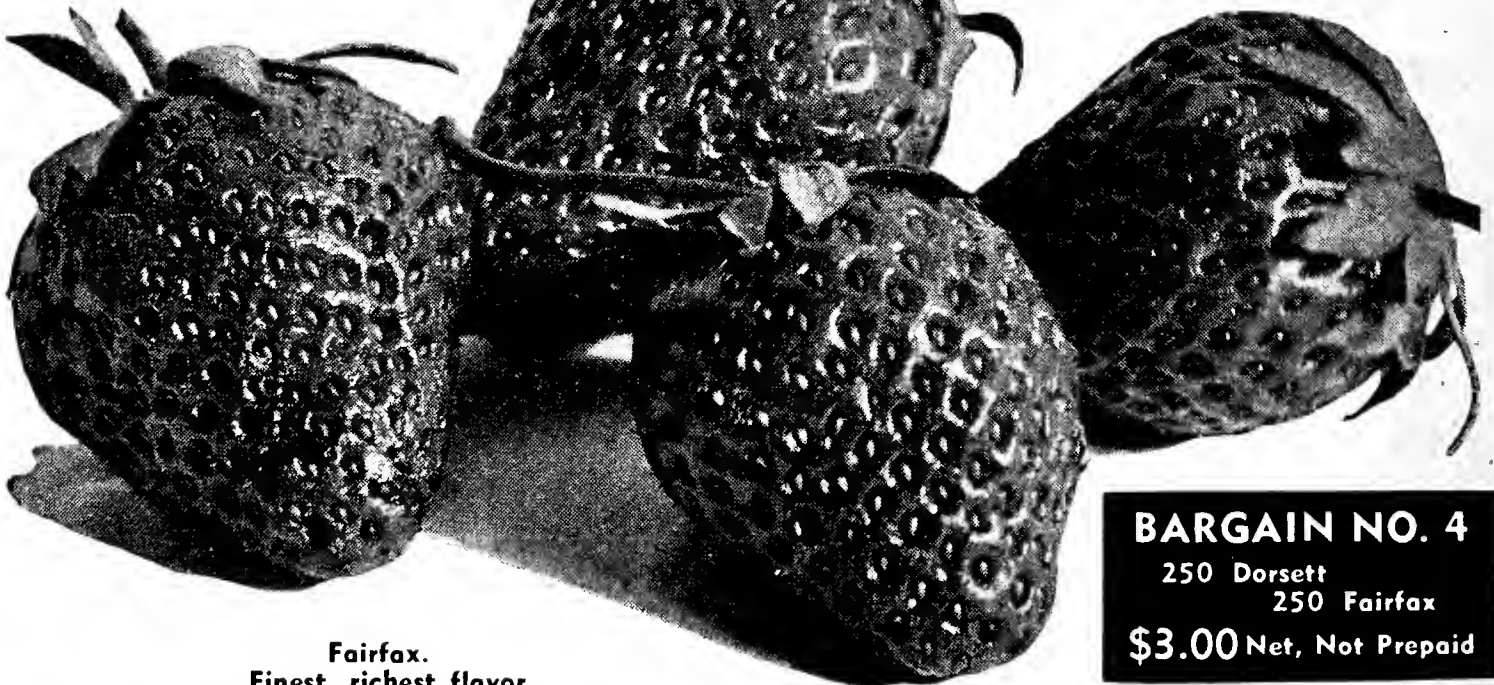

Plant Dorsett and Fairfax Now!

*You'll Find Them Real
Money-Makers*

EARLY AS PREMIER

Heavy producers. Vigorous, healthy plants, frost resistant. Extra good plant makers. Our planting stock was secured direct from the introducers, and you can be certain of obtaining guaranteed true-to-name plants from us.

Fairfax Berries are exceptionally firm. They are a bright red when picked at the proper time; can be left on the vines for several days without picking and still be of good quality, solid and firm. If this is done, berries will be somewhat darker in color, which may be a disadvantage on the market, making Fairfax more of a home market and garden variety. However, some markets prefer a darker berry, especially when of such fine quality as Fairfax.

Fairfax.
Finest, richest flavor.

Chesapeake *The Aristocrat of All Late Berries*

Because so many growers have planted early varieties exclusively in the past, there is now a heavy demand for, and prices paid are much higher on, a good late berry. For this reason, foresighted planters are turning to Chesapeake as the best late Strawberry.

The large berries of Chesapeake hold their size well to the end of the season. Flavor is unsurpassed. A leading market variety which sells at highest prices because of its lateness, size, quality, firmness and fine appearance. Strong, healthy foliage. Practically frost-proof because of its late blooming. To obtain best results, grow on rich soil or land that is well manured, and give good care, and you will have no trouble in getting a good fruiting row.

Chesapeake,
Late.

Premier

Leading Early Berry

A standard of excellence with all growers, and the earliest worth-while Strawberry of the older varieties. A great money-maker, for it yields its fruit crop at a time when Strawberries are in great demand and sell at fancy prices.

Premier is as nearly frost-proof as any Strawberry can be. It is unusually healthy, being free from leaf spot and other diseases. Its deep, heavy roots enable it to easily withstand dry weather and mature a full crop of big berries when many varieties are a complete failure.

Large, bright red, firm berries, of fine texture and flavor.

WHITTEN - ACKERMAN PREMIER plants are from the original, heavy fruiting strain, bearing our true-to-name guarantee.

Gibson,
Midseason.

Gibson

A midseason berry that should be included in every order. An unusually safe variety for commercial planting, inasmuch as it always produces a big crop of large, marketable berries, seeming to thrive in all sorts of soils and climates. This is a feature hard to find in Strawberries, and one that makes a variety especially valuable. The berries are large, holding their size to the end of the season, and are all that could be asked for in color, flavor, firmness and productiveness. Especially good for canning.

**We Send Planting Instructions
With Every Order.**

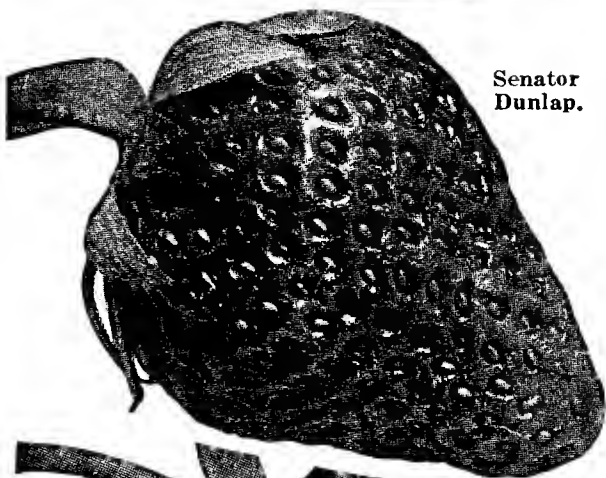

Premier,
Early.

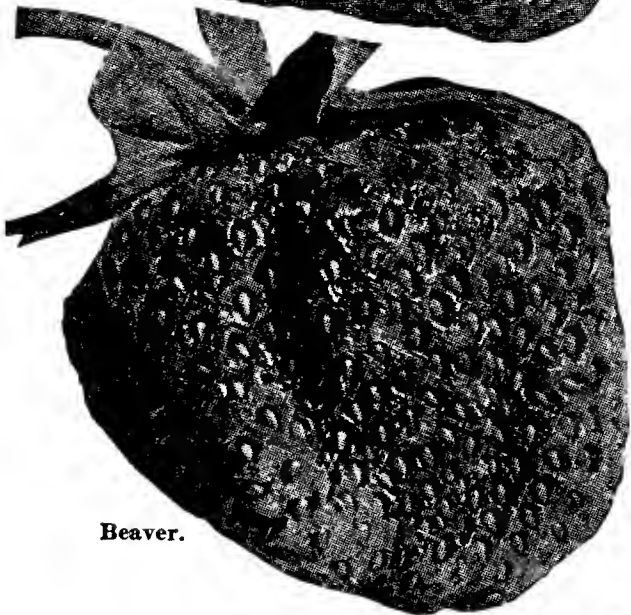

Whitten-Ackerman

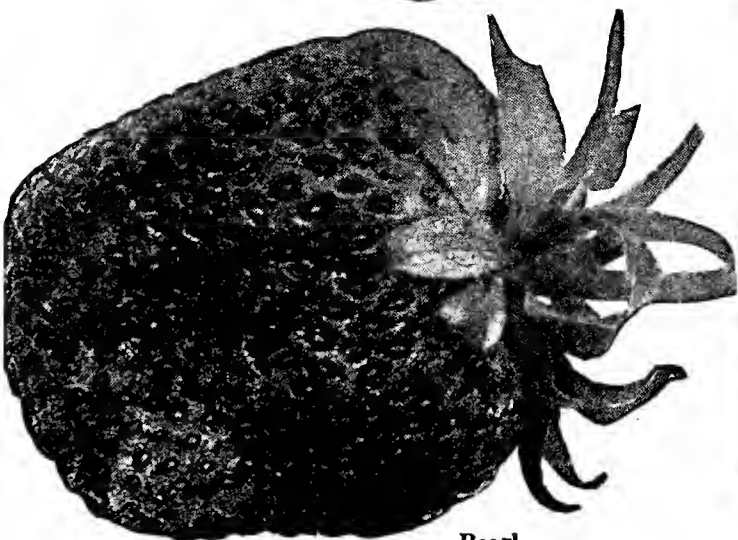

Blakemore.

Senator Dunlap.

Beaver.

Pearl.

Blakemore Extra early, ripening same time as Beaver, and four or five days before Premier. Introduced by U. S. Department of Agriculture. A cross between Premier and Missionary. Strong, vigorous grower and extra good plant maker. Berries are bright red, and resemble Premier, although they are somewhat larger and of better color. Very firm, and a good shipper. Excellent canner. Will undoubtedly take the place of Missionary and Klondike in the South, and will do well in the North anywhere Premier has been grown

Senator Dunlap This is one of the oldest varieties commonly planted today, and never for a single season since its first appearance years ago, has it lost even the smallest part of its well earned popularity that has made it famous the world over. At the present time there are more Senator Dunlap being planted than ever before, proving conclusively that it is one of the surest, most dependable all-purpose Strawberries.

Pearl The Latest Strawberry. Has large berries, which are dark red to the heart, of firm quality, and with a tough outer skin that gives them unusual firmness and keeping qualities. Berries possess a most delicate flavor. Pearl is a heavy and sure cropper. When it is in its prime, other varieties are off the market, and as it has the field to itself, the prices paid for Pearl are quite naturally the highest.

Beaver

New Strawberry recently originated in Wisconsin, a cross between Dr. Burrill and Premier. Far more certain than Premier to produce a good fruiting row under unfavorable weather or soil conditions. Berries are of a deep glossy red all the way through. Hardy and frost resistant. Fruit is very firm and of such texture that it does not require picking more than twice a week. Begins ripening 3 or 4 days before Premier. Unsurpassed as a shipper, and compares well with Premier in every way. In addition, it will make a good fruiting row on any soil.

Early Prolific

A new early variety, ripening 4 to 7 days before Premier. Ripens red all over and all the way through. Prolific both in plant and fruit, making a wide fruiting row on either light or heavy soil, and seems able to produce an enormous crop of fruit under the most adverse conditions. Flavor delicious. Retains its bright red color long after picking, making it valuable for long distance shipping.

Early Prolific.

Old and New Favorites

Beauty One of the best late Strawberries. Originated several years ago in Michigan. One of the strongest plant growers we know of, growing as tall as 15 inches, with extra large leaves. Fruit stalks grow upright, holding berries off the ground. Berries are large in size, dark red all the way through, very firm and remarkable keepers, making this berry one of the best for commercial plantings, as it will easily carry to distant markets. Does not require mulching, as it blooms late enough to escape all frosts.

Cooper Beyond question this variety yields the biggest Strawberries ever produced. Its large, bushy plants are full of vigor and vitality that enable it to be grown successfully in all soils and climates. The flavor of its fruit is delicious; often being compared to that of the wild Strawberry. Cooper produces its crop early in the season, and is especially adapted to fancy, local market trade, where its large size and attractive appearance result in quick sales at big prices.

McGowan's Seedling Originated in Maine. We have thoroughly tested and fruited this new variety, and find it to be the best and largest late Strawberry. Begins to ripen after Premier are all gone. Firm, bright red fruit, fine, sweet flavor. Heavy cropper, good plant maker. Be sure to try this new variety.

Jumbo A Real Elephant in Size. We are proud to introduce this new Strawberry, originated by Clarence Jackson, near Bridgman, from a seedling. Very large, deliciously sweet, fine flavor. Bright red. Firm, ships well. Good plant maker. So drought resistant it came through this dry summer without losing a plant. Heavy foliage—not subject to leaf spot. Easy to pick. Set out a few Jumbo plants now, and you'll want more when you see the fine, extra large fruit. Midseason.

Aroma A good late variety and long considered the standard late market Strawberry. It is still grown extensively in all sections of the country, but is especially popular in the southern states, where many fruit growers' associations plant Aroma exclusively. The berries are large, nearly round, and of firm texture, deep red in color and good flavor, making it ideal for shipping. Although good yields are sometimes produced on light ground, Aroma is at its best on the heavier soils.

Dr. Burrill A dependable, all-purpose Strawberry, which stands among the very best in midseason varieties. Closely resembles Dunlap in appearance. One of the cleanest, healthiest plants grown, never showing rust nor leaf spot, and so hardy and adaptable that it produces a good fruit crop anywhere, even in unfavorable locations. Unusually valuable for commercial purposes or for home use.

TEN GOOD REASONS FOR PLANTING WHITTEN-ACKERMAN MASTODON

1. There is only one true Mastodon—the Introducer's Original strain—we have it.
2. One of the largest everbearers grown.
3. Bears three crops from one planting.
4. Produces full crop in late autumn, when other kinds are out of season.
5. Grown easily with no special soil or culture.
6. Berries of large, uniform size from beginning to end of season.
7. Fruits continuously until freezing weather.
8. Withstands dry weather.
9. Bears full crop next spring after planting.
10. First ripe berries ninety days after planting.

EVERY MASTODON PLANT SOLD BY US bears our guarantee of genuineness and satisfaction. Do not be misled into paying fancy prices for this variety, but let us reserve yours now at one of the lowest prices available for true-to-name stock.

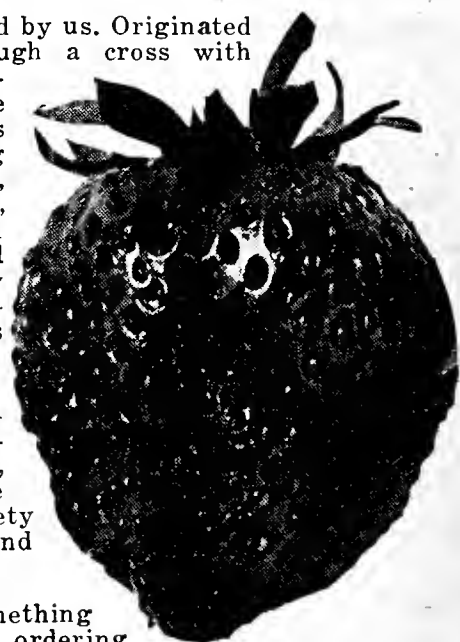

Imperial.

Imperial The Improved Champion. Introduced by us. Originated in Michigan, being secured through a cross with Champion, which it somewhat resembles. A deep rooted plant, which is the secret of its great success, for it is able to get plenty of moisture during the dry summer and autumn months, so that it keeps right on growing big, thrifty berries, when other kinds run small and dry up. Already Imperial has demonstrated most conclusively that for real Strawberry flavor, firmness and good keeping qualities it is superior to most other Everbearers.

Champion An improved Progressive. An Everbearer that has been tried and tested, and in a few short years came to the front as a proven and worth-while variety that is a dependable source of profit and pleasure, year in and year out.

Champion has never had a crop failure—something unusual, and something to bear in mind when ordering your Everbearers.

Champion.

GARDEN ROOTS

MARY WASHINGTON

The new variety developed and introduced by the United States Department of Agriculture, and claimed to be an improvement over Martha Washington, in that Mary Washington is larger, and even more rust resistant. Growers everywhere are discarding other varieties for the famous Mary Washington, because it is earlier, the stalks larger, more tender, more productive, and best of all, it is claimed to be immune to rust.

Myatt's Linnaeus Rhubarb

Those who have not grown this variety will hardly recognize the old "Pieplant." It is an early, tender variety, without being in the least tough or stringy, with a mild, sub-acid flavor. We consider this one of the most profitable market garden crops, and one that should be produced more extensively. We offer good, strong roots, priced so low that our customers can purchase in quantities at very little expense.

Pedigreed ASPARAGUS

Nothing that comes out of the home garden is so much appreciated as the tender tips and fresh stalks of Asparagus. A small bed of them kept weed-free, or a border along the garden edge, will supply the average table for six weeks or more in late spring.

In planting, make the soil rich; dig trench; set 12 to 18 inches apart, roots spread out, crown two inches below surface; and tamp in returned soil firmly.

Bargain No. 10

Horseradish

This popular condiment is very easily produced in the home garden, and anyone who has compared the freshly dug article with that sold over counters can appreciate the value of the good, home-grown products so easily prepared. A half dozen roots are sufficient for a moderate supply, while a dozen will generously cover the requirements of the average family. As it spreads quite rapidly, the source of supply is easily maintained.

BLACK RASPBERRIES

Grown for plants only on ideal soil, and given the best of care and plenty of fertilizer, making them vigorous and full of pep. Awarded a clean bill of health by Michigan state inspectors. Packed to reach you in first class condition.

Michigan has the most rigid plant inspection of any state in the union. Buy from us and be assured of disease-free stock.

CUMBERLAND

The Largest of All Blackcaps and the Very Best Mid-season Kind

We advise planting Cumberland as a main crop variety. No blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. A heavy yielder, berries large, rich black in color, fruit firm and of delicious flavor. Bush is absolutely hardy, vigorous growing, producing plenty of fruiting wood; especially free from anthracnose, the common disease of all Raspberries. The greatest money-making blackcap of all time.

Quillen The latest Blackcap. Comes into bearing after all other varieties are practically through. Fruit very large and of fully as good quality and texture as Cumberland. Practically immune to mosaic, anthracnose and other serious diseases. This variety shows great merit in all sections of the country, and we urge you to give it a trial.

New
Logan.

Cumberland.

New Logan *Most Dependable Early Black Raspberry*

This variety, through sheer merit, has replaced very nearly all of the standard kinds in Ohio, and it does equally well in other sections of the country. The berry ripens one week earlier than Cumberland, giving the grower a chance to make some real money before Cumberland comes into bearing. It is an extra heavy yielder, with berries as large or larger than Cumberland. Its most outstanding characteristic is its resistance to mosaic and other diseases.

Plum Farmer One of the best early blackcaps. Fine grower, free from disease, very productive. The berry is large, and of excellent quality. Plum Farmer ripens very early, producing most of its fruit in one week. Practically the entire crop can be harvested in three large pickings, enabling the grower to reach an early market, and harvest the crop with a minimum amount of labor.

Black Beauty NEW! Mid-season; excellent quality. Introduced in Ohio in 1932. Large, firm berries, which do not crumble. Plants are thrifty, hardy and resistant to anthracnose and mosaic. A fine black Raspberry for either commercial or home use. We urge you to give it a trial.

Latham.

WHITTEN-ACKERMAN WAY ~ HEAD ~ RED RASPBERRIES

Disease-Free, State Inspected Plants

LATHAM

The Leading Red Raspberry—First Choice of Commercial Growers

A popular favorite in all large fruit growing sections.

Extra large, rich red berries, some measuring an inch in diameter.

Bears a tremendous crop of best quality fruit.

Finest berry for canning.

Brings highest prices on any market.

Has proven a profitable berry in all sections.

Perfectly hardy.

Originated in Minnesota at the State Fruit Breeding Farm. We have no hesitation in giving Latham our unqualified recommendation as the best all around Red Raspberry.

WHITTEN-ACKERMAN
WAY ~ HEAD ~

Latham plants are state inspected, disease-free, of finest quality, heavy and well rooted. BUY THE BEST AND INSURE SUCCESS.

NEWBURGH

A new variety which promises to become a leader. Introduced by the New York Fruit Testing Association, who declare that it is the best Red Raspberry in New York. Has been thoroughly tested throughout the country and produced wonderful results everywhere. Plants are tall, well branched, and vigorous, healthy and very resistant to mosaic and other diseases. Berries are unusually large, bright red, extra fancy flavor. Do not crumble and hold their large size over a long fruiting period. Extra heavy bearer. Ripens few days earlier than Latham.

PLANT NEWBURGH NOW. A small investment for large profit.

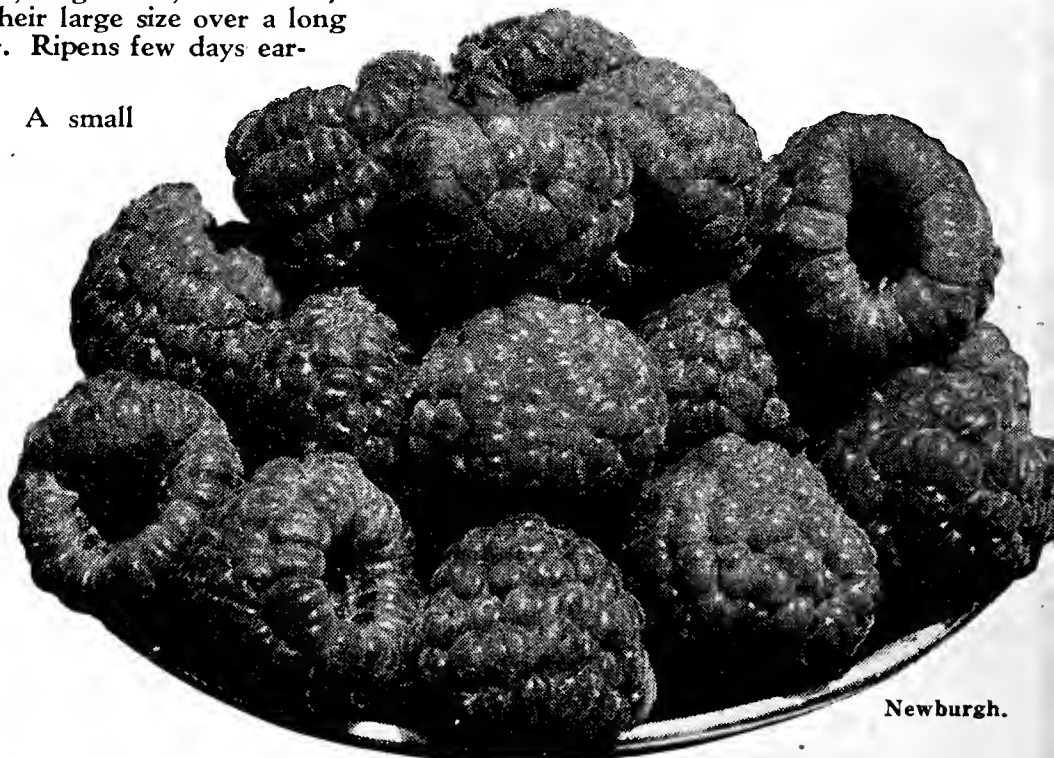

Cuthbert

Old Standby. Always produces big yields—money-making crops that have made Cuthbert famous. One of the best midseason, main crop varieties. Highly prized for canning on account of its delicious rich flavor and ability to remain canned for a long period without fading.

COMMERCIAL GROWERS!

CHIEF for Early.

LATHAM for Midseason to Late.

A Real Money-Making Combination

St. Regis

Best Everbearing Red Raspberry

Comes on the market so early it brings the very highest

prices. Ripens even earlier than Chief. Produces a full crop during regular raspberry season, and continues to fruit heavily throughout the summer and fall. Brings in a double profit, and is a real money-maker in spring or fall. Berries are bright crimson, of good size, and have a delicious flavor. Excellent shipper. Give St. Regis a trial this year, and you'll plant more the next.

Viking

Notable new Red Raspberry. Give it a trial—you won't go wrong. Fruit is large, bright red, good quality; firm and carries well. Very thrifty grower. Originated in Canada. Very hardy. Stock limited. Order early.

We have a small supply of medium grade Latham, Chief, and St. Regis, one-year plants to offer this spring. Somewhat smaller in size than our No. 1 grade, but well rooted and sure to grow. Low in price. **SAVE!**

CHIEF Extra Early

Has taken the place of all other early kinds. Bears immense crops of finest berries. Offspring of the famous Latham. All that the name implies—outstanding—ahead of others—a leader. Has proven hardy, disease-resistant, a heavy cropper, of excellent quality and a good shipper. Berries large, rich bright red. Ripens ten days earlier than Latham, bridging the gap between Strawberries and ordinary Raspberries. A proven profit-bringer.

GRAPE

Now's the Time to Plant Grapes for a Commercial Proposition

Concord.

Concord Most popular Grape. A large, purplish black Grape. Bunch is large, shouldered and compact. Berries are large; flesh is juicy, sweet and tender; excellent flavor. Vine a strong grower; very healthy, hardy and productive. The most reliable and profitable market variety.

Agawam A large, dark red Grape. Bunches large, compact. Berries large; pulp soft and sweet; vine vigorous. Ripens early.

Caco

New, widely advertised Red

Grape. Bears enormous bunches of unusually large berries of a rich wine-red and amber color. Flavor of the finest, very rich and sweet. Ripens early in September. Stock of this variety is limited. Order early.

Delaware

Berries are compactly set, light red, sugary and delicious. A favorite dessert Grape, and among the very best red varieties.

Brighton

New Red Grape. Earlier than Delaware. Handsome dark red color. Flesh is rich, sweet and of excellent quality. Large bunches and berries. Vine vigorous and hardy—very productive.

A Vineyard is a Lifetime Investment

Select Your Planting Stock with Care

Every Whitten-Ackerman Grape Vine is guaranteed to be true-to-name, free from disease and propagated from productive strains. The cuttings for our plants are all taken from heavy producing vines, each vine being selected for productiveness and size of fruit.

When buying from us you are absolutely assured of getting the best. Notice actual photograph of one of our Concord vines at the right—vines that will produce heavy, uniform yields year after year—a result that cannot be secured from cuttings made in a haphazard way, regardless of quality—a practice all too common in recent years.

Our Grape Vines cost no more than others—you don't pay for the added quality. You can't afford to experiment with vines of unknown origin—we can't afford to sell them.

We don't know of a single farm crop that can be relied on with the same assurance as the Grape harvest. Many a grower has been able to keep the wheels turning through a lean year, only because of his Grape crop. It's good insurance for anyone.

Select your planting stock with care and your vineyard will yield bumper crops such as the one shown here, year in and year out.

Concord Grape Vine Produced From Extra Heavy, Selected Cuttings.

VINES

Wineries are Now Paying a Premium on All Varieties

Catawba Favorite Sweet Red Grape. Berries large, round; when fully ripe of a dark copper color, with sweet, rich flavor; late. An excellent variety.

Niagara The Most Popular White Grape. Perfectly hardy, and very productive. Bunches very large and compact; sometimes shouldered. Berries fully as large or larger than Concord, mostly round, yellowish green when fully ripe, slightly amber in sun. The skin is thin but tough and does not crack. Quality of the best, very little pulp, melting and pleasing to the taste. Of exceptional value for eating, grape juice or market and unsurpassed for wine.

Big shortage on all Grape Vines, caused by the drought. Order early if you wish to get covered.

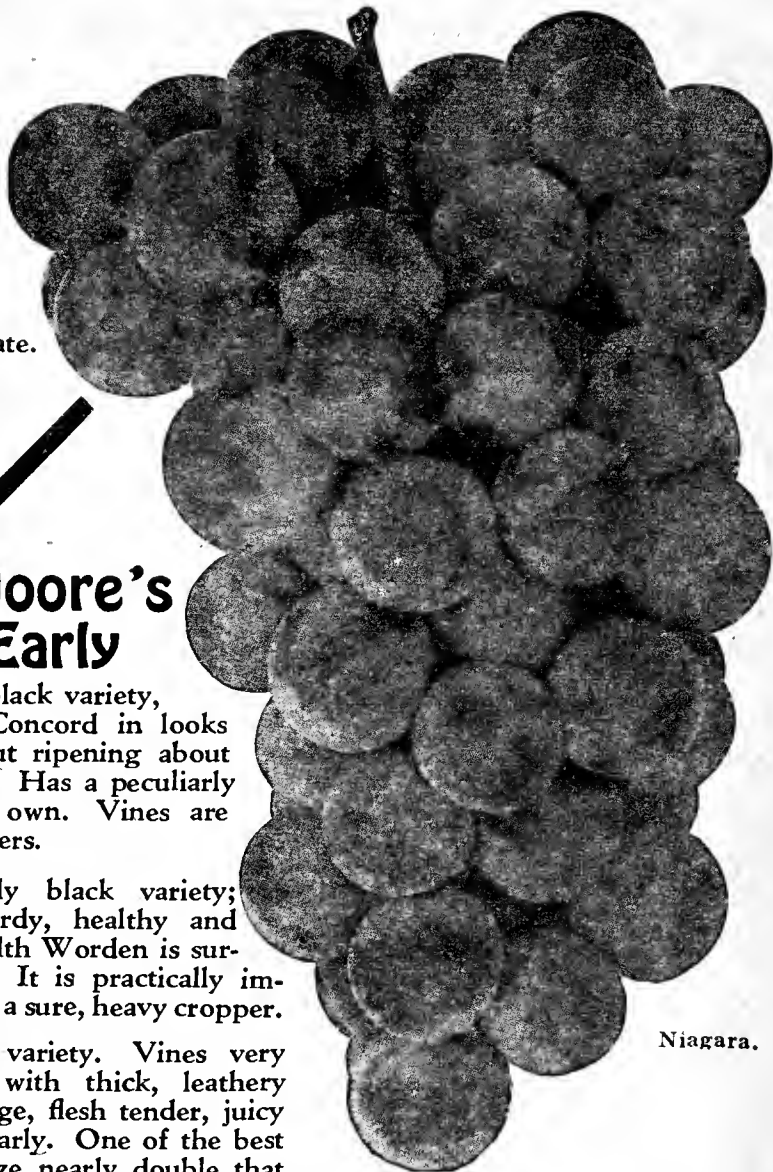

Chosen for
FLAVOR
SIZE and
YIELD

Worden An early black variety; very hardy, healthy and productive. In vigor and health Worden is surpassed by no other variety. It is practically immune to fungous diseases and a sure, heavy cropper.

Wyoming A red variety. Vines very hardy, with thick, leathery foliage; berry bright red; large, flesh tender, juicy with strong aroma. Ripens early. One of the best red Grapes we know of. Size nearly double that of Delaware.

Moore's Early

An early black variety, similar to Concord in looks and quality, but ripening about two weeks earlier. Has a peculiarly sweet flavor of its own. Vines are hardy and good bearers.

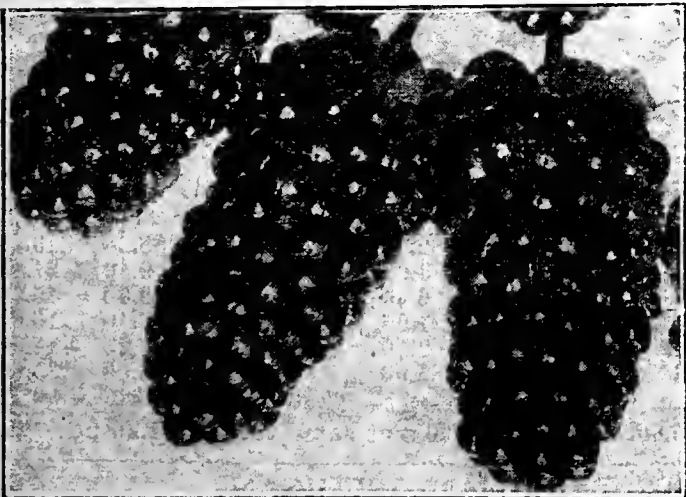

Niagara.

On account of the extreme drought, grape vines failed to make as much top growth as usual. Therefore, the tops will be somewhat shorter than in normal years. This does not affect the quality of the plants, as all tops should be cut back to 2 buds at planting. Root growth is most important. Our vines are extra heavy rooted, and sure to satisfy.

Lucretia Dewberry

THE FIRST TO RIPEN. TEN DAYS EARLIER THAN BLACKBERRIES. A REAL MONEY-MAKER.

Brings a big price on any market and makes real profits for the grower!

Of the Blackberry type, but produced on a trailing vine instead of an upright bush. Very hardy and disease-resistant. Berries are extra large, lustrous black, sweet, and juicy. UNEXCELLED FOR CANNING.

Prices: 1-year, No. 1 plants, 12 for 45c; 25 for 80c; 50 for \$1.45; 100 for \$2.75; 200 for \$4.80; 300 for \$6.60; 400 for \$8.00; \$18.20 per 1000.

HEAD

Blackberries

Increase your profits. One acre of Blackberries will average 2000 to 2300 quarts per acre—and prices on this fruit are always high. The best money-making berry for the past three years.

ALFRED

The Blackberry Without a Core. Alfred bears young, providing nearly a full crop of fruit the year after planting. Vigorous grower, producing strong, well branched canes, perfectly capable of carrying the big crop of fruit produced. It is perfectly hardy, and can be grown anywhere without winter protection. Alfred ripens early, beginning a week in advance of other varieties, and continues over a long season. The berries are of immense size, some measuring 3 inches around and 2 inches in length. The color is a glossy, jet black, and the flavor sweet and delicious.

Alfred.

The New Youngberry

A cross between the Loganberry and Dewberry, which two varieties it resembles in manner of growth. Fruit is very large, dark wine color, with few seeds; highly flavored, sweet and delicious. It is easy to handle, very attractive, keeps well and ships well; an excellent canner and valuable for table use, jellies and pies.

ELDORADO

Best commercial Blackberry.

Always free from disease—immune to orange rust.

Large berries, fine flavor, color and quality.

Very hardy—never winter-kills.

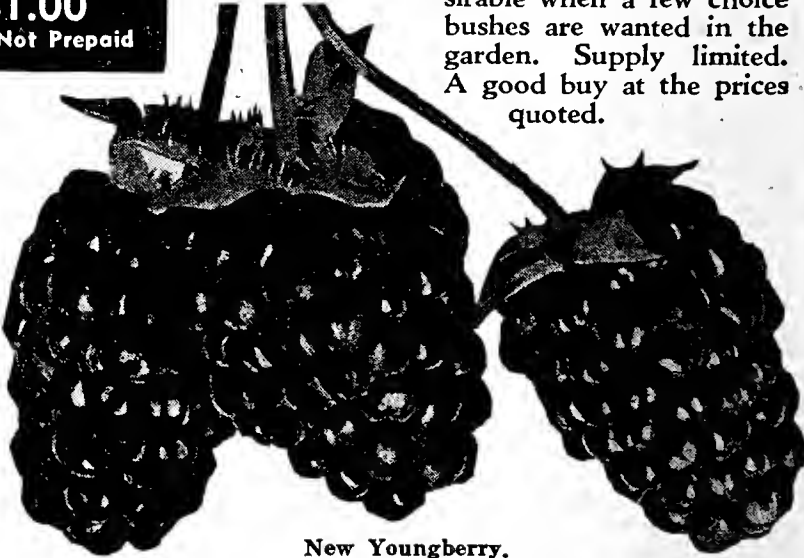

A wonderful shipper.

Fruits over a long season and insures a big profit to the grower.

There are more Eldorado under cultivation than all other blackberries combined. Highly recommended for both home and commercial plantings.

Gain a Year!

We offer transplanted stock in Eldorado and Alfred—extra heavy bushes that will fruit this summer. Especially desirable when a few choice bushes are wanted in the garden. Supply limited. A good buy at the prices quoted.

All Stock Packed Right—Priced Right Satisfaction Guaranteed

Barnesville, Minn., March 8, 1934.

Dear Friends: In 1933 I ordered Raspberry and Grape Vines from you. I never saw any better at any price and every one grew as though they had never been moved. Your customer,
MRS. FRED PRIEB.

Cass City, Mich., April 14, 1934.

Dear Sirs: I am well pleased with my order of Pear, Plum, and Apple trees. They have a strong root system; more compact than any I have ever seen. It is easy to understand why you do not need salesmen to sell your fruit trees. Yours truly,
ROY T. ANTHERS.

Downey, Calif., April 20, 1934.

Dear Sirs: We received our berry plants and grape vines on the 17th and were so pleased with same. We are showing them to all of our neighbors. Sincerely,
MRS. ROSAMOND MALIN.

Merrimac, Mass., April 22, 1934.

Gentlemen: I bought 75 Cuthbert transplants from you last year. They all lived and bore last summer, and I am thankful to say they lived through the winter and look fine now. We never had such a winter here before, 30 degrees below zero at times and long continued cold. I think it is wonderful they came through so well. Yours truly,
MRS. RUTH S. STAPLES.

Our Prices Save You 20% to 40%

Papineau, Ill., May 12, 1934.

Dear Sirs: The trees arrived in fine shape and am very much pleased with them. They are all growing fine in spite of the dry weather. Have been receiving many compliments from neighbors. Very truly yours,
HERMAN TEGGE.

Pineville, W. Va., April 17, 1934.

Gentlemen: I received my Peach trees, Plum trees, Cherry trees, Strawberries and Raspberries on the 13th and I want to thank you for the fine lot of nursery stock. I have never seen a finer lot of trees and berries. I have shown the stock to several and they say they are going to buy from you. Very truly yours,
L. A. ANDERSON.

Pottstown, Pa., April 14, 1934.

Gentlemen: I want to state that all the stock I bought of you in the past three years has turned out far beyond my expectations, and want to assure you that as long as I continue to buy nursery stock, will be glad to send my orders to you. Very truly yours,
FRANK B. LEIGHTON.

Cleveland, Ohio, April 23, 1934.

Gentlemen: I received my pear trees the 21st. I never in my life saw such trees. They sure are wonderful. Every farmer near here says the same. You can depend on it I'll recommend your stock. Yours truly,
F. J. ROTH.

Dept. of Chemistry, Davidson College,
Davidson, No. Car., April 5, 1934.

My Dear Sirs: When a man gives me a square deal, I like to acknowledge it. The small order I gave you was handled in excellent manner and the plants all had perfect roots and were packed beautifully. All the plants grew rapidly and I am more than satisfied. I have never known a nursery that took up plants in better condition. Your men are instructed to do their work neatly and carefully. Few nurseries do this. Most sincerely,
H. B. ARBUCKLE.

Vincennes, Ind., April 23, 1934.

Dear Sirs: I want to thank you for the order we received, everything nicely packed and fresh dug. The order was small but it was well taken care of. Yours truly,
MRS. JOSEPH FAENGER.

We Believe in a Square Deal and Practice What We Believe

OUR GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition.

Furthermore, we will, at our option, either replace free of charge, or refund purchase price, on any stock that arrives in bad condition; PROVIDING CLAIM IS MADE WITHIN FIVE DAYS FROM ARRIVAL OF SHIPMENT, ACCOMPANIED BY A SIGNED STATEMENT FROM THE EXPRESS AGENT OR POSTMASTER AT DESTINATION, SHOWING EXTENT OF LOSS OR DAMAGE.

If any stock proves untrue to name it will, at our option, either be replaced free of charge, or purchase price will be refunded, but in no case will we be responsible for a sum greater than the original purchase price paid. Beyond this our liability ceases. It is understood and agreed between the customer and ourselves that the purchaser's order, and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

WHITTEN-ACKERMAN AY ~ HEAD High Quality Fruit Trees

The selection of fruit trees for planting is a matter deserving great care and consideration.

Be sure to determine the caliper, grade and height before ordering from any nursery.

Unless one is experienced in orchard planting, the matter of price is often the greatest factor considered in determining the source of supply. Before buying, learn definitely just what sort of trees are being offered. Don't be influenced by height alone. While this is a desirable feature, a vigorous root system, well developed branches and a well calipered trunk are equally essential.

Notice How We Grade Our Stock

We offer 4 to 4½ and 4½ to 5½ ft. heights. Some nurseries offer a 4 to 6 ft. grade, or "specially selected," using small calipered 4 to 5 ft. trees, which are about the same as our smallest and cheapest trees. Don't be fooled into paying a big price for a small tree.

All of our stock is plainly graded and we furnish trees of larger caliper and greater height than those offered elsewhere at or near our prices. When we tell you that only our smallest grade can be sent by mail, the greater size and added value of our stock can be better appreciated. The height of our bigger grades is too large to meet parcel post requirements, necessitating express delivery only.

OUR TREES Are Today Growing in All Sections of the Country

Our reputation for supplying quality stock at economical prices is established, and our policy of a square deal for every purchaser has been proven to the satisfaction of thousands of Whitten-Ackerman customers. Your next order entrusted to us will prove it to you as well.

All Selected Specimens Budded from Bearing Trees

Whitten-Ackerman fruit trees are budded from bearing trees and grown where the snow flies, to make them more hardy and superior in quality.

At the left we show you a bundle of our apple trees. Note the heavy root system, straight and smooth trunk and well branched top. Plant trees such as these and at the end of five years you will have a bearing orchard of fine trees like the one illustrated above. This is a five-year-old Whitten-Ackerman Cortland Apple tree, planted on ordinary good soil. Note the bumper crop.

In the past, there has been an oversupply of fruit trees. Now, because of curtailed plantings throughout the United States and the extreme drought, there is a great shortage of these trees. Supplies will be exhausted long before the end of the season. **ORDER EARLY!**

Selected Super-Size Fruit Trees

THE BEST OBTAINABLE—YOU CAN'T BUY BETTER TREES ELSEWHERE AT ANY PRICE. Other nurseries charge anywhere from \$1.00 to \$2.00 each for trees no older, larger or better. Whitten-Ackerman Super-Size Fruit Trees are the pick of the crop—they caliper no less than 11/16 inch, and many considerably over an inch. They run from 5 to 7 feet in height, and often higher, depending entirely on the kind and variety, as some kinds are much larger growers than others.

Two years old—the same as our smaller grades—but these trees were the strongest growers in the nursery rows, with the most pep and vitality. They'll forge right ahead and continue the same sturdy growth when planted in your own garden or orchard.

PLANT SUPER-SIZE TREES NOW AND SAVE AT LEAST A YEAR OR TWO.

SWEET CHERRIES

Bing One of the best known and most popular dark sweet Cherries. Fruit large, dark colored, nearly black. Considered one of the most profitable. Tree hardy and vigorous. Seems to succeed in the East better than most Sweets. Ripens late June. Should be included in every planting.

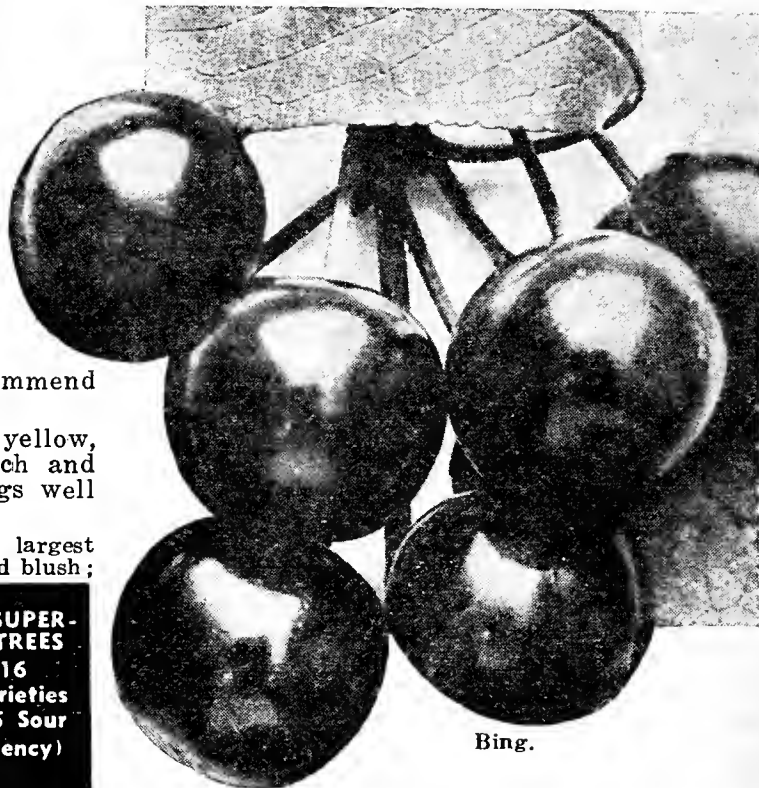

Black Tartarian Very large, purplish black, heart-shaped; flesh mild and sweet, and quality considered, one of the best for market and dessert. Tree is vigorous, upright grower and immense bearer. Ripens in July. We recommend this as one of the best Sweets for home use.

Gov. Wood One of the best. Very large, light yellow, marbled with red; juicy, tender, rich and delicious. Tree healthy and a great bearer. Fruit hangs well on tree. Ripens last of June.

Napoleon (Royal Ann). Of fine appearance and very largest size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Profitable for market, finding a ready sale both for canning and dessert. Bears enormous crops, ripening in July.

Windsor Fruit large, dull red; flesh remarkably firm, of fine quality, and a good bearer. Tree hardy and prolific. Ripens middle of July. Highly recommended by some of the most prominent fruit growers of the country. A valuable addition to any garden or orchard.

Bing.

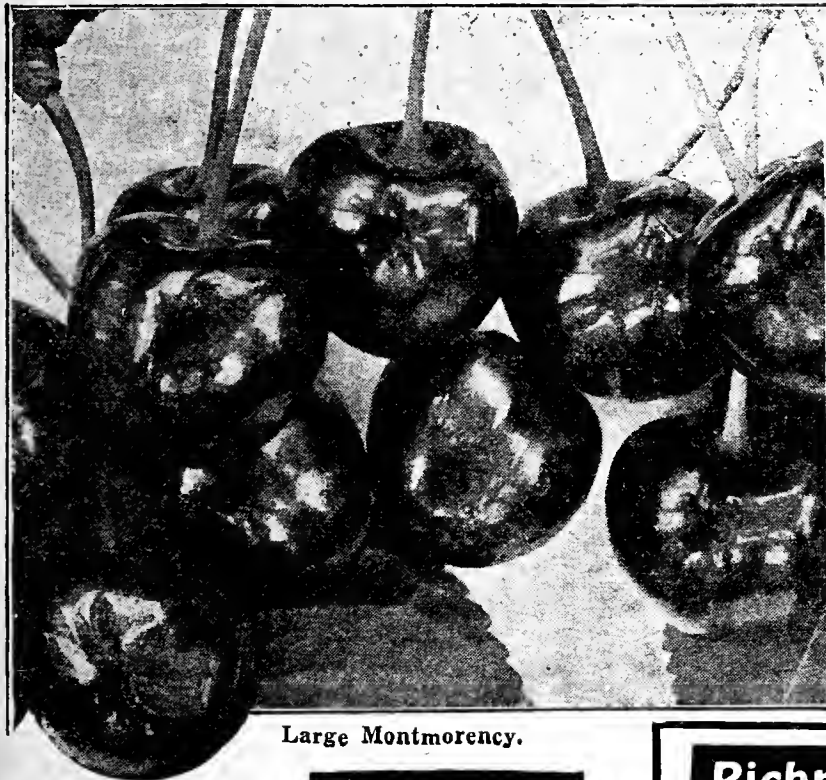

SOUR CHERRIES

Large Montmorency Larger and finer than Early Richmond, and ripens about 10 days later. One of the finest flavored Sour Cherries. Bears enormous crops regularly. Best all-around Cherry grown. Tree bears 2 to 3 years from planting. Ripens late June and first of July.

Early Richmond Medium size, dark red; acid flavor. One of the most popular Sour Cherries, and is unsurpassed for cooking purposes. Tree a splendid grower and exceedingly productive. Very hardy. Ripens in June.

English Morello Fruit medium to large in size, dark red, rich, acid, juicy and good; very productive. Ripens in August. Best late variety.

Royal Duke One of the best of the earlier Sour Cherries. Large fruit, light red in color. Rich and juicy, fine flavor.

Large Montmorency.

PEACHES

There's a Difference!

**Northern Grown—Buds Especially
Selected from Heavy Bearing
Trees. Insure Bumper Crops**

Absolutely true to name, vigorous, well grown, perfectly healthy, with well ripened wood and splendid roots. Guaranteed to reach you in good growing condition.

Elberta.

Elberta Standard market peach of the entire country. Very large; yellow with red blush; flesh is yellow, tender and juicy; very highly flavored. Rank, vigorous grower. Does well in all peach growing sections. Ripens middle of September. Freestone.

J. H. Hale Extra large. Claimed to be superior in all ways. It averages one-third to one-half larger than Elberta, ripens about five days earlier, and is superior in flavor; beautiful golden yellow, with carmine blush, smooth and fuzzless. Plant with South Haven to insure proper pollenization.

Shipper's Late Red A new late Peach, beautifully colored red. Flesh is yellow and sweet. Fruit ripens September to October, and clings tenaciously to tree, eliminating drop-page. Very hardy; bears young, annually and abundantly.

Champion Considered the highest in quality of all white fleshed Peaches. Flesh tender and juicy, with pleasant flavor. Skin is creamy white with splashes of carmine and darker red. Tree is vigorous, healthy, and productive. Ripens in late August or early September.

Rochester Earliest and best yellow freestone for home and market. Fruit large, yellow, sweet, juicy and of delicious flavor. Keeps and ships well. Ripens about August 10th, when there is no other yellow freestone Peach on the market. Commands good price. Tree strong grower and hardy. An annual and prolific cropper.

SOUTH HAVEN

**Extra Large, Extra Fancy, Extra Early
Yellow.**

Combines all the good features of Elberta—large size, excellent quality, delicious flavor, beautiful appearance and immense productiveness, but it ripens 12 to 16 days earlier, enabling one to get it on the market at a time when good peaches are scarce and when they bring the highest prices. It is of the finest quality as an eating peach and is also a great shipper. Rapid growing, young bearing. You can't go wrong in planting South Haven.

J. H. Hale.

South Haven.

Two Marvelous New Peaches

Tried and Tested—Proven Extremely Successful

HALE-HAVEN

Introduced by Michigan State Experiment Station. A cross between South Haven and J. H. Hale—combines the high coloring of South Haven with the large size of Hale.

Self-Fertilizing. As large as Hale and of as fine quality, but self-fertile, which insures a bumper crop each year.

Yellow-Fleshed. Colors highly on trees even before ripe, permitting picking while rather green, for distant shipments. Freestone. Strong grower and extremely hardy heavy bearer of exceptionally fine flavor. Ripens ten days earlier than Elberta.

THE BEST NEW YELLOW FREESTONE PEACH WE HAVE SEEN IN YEARS.

GOLDEN JUBILEE

Extra Early Yellow Freestone. Introduced by New Jersey Experiment Station. Wouldn't you like to grow a yellow, freestone Peach, with all the good points of Elberta, plus much improved flavor, but ripening a month earlier than Elberta? Here's the Peach you've been looking for! Extra early, fine flavor, self-fertile, grows well wherever peaches can be raised. Very hardy. Regular bearer and a good grower. Has no superior among Early Yellow Freestones.

You will not find any 5/16 inch or spindly whips and poorly branched stock offered for sale in our nursery. We cannot afford to sell them and you cannot afford to plant them.

Note below branch of an Elberta peach tree, 3 years old, grown on our farms. Notice the full crop—the

result of planting our healthy, northern-grown trees, especially selected from heavy bearing orchards. Elberta—the old-standby—more acres planted to this variety than any other Peach.

Winesap.

WHITTEN-ACKERMAN WAY ~ ~ ~ AHEAD ~ ~ ~

Rome
Beauty.

Baldwin Winter Apple. Large, roundish, dark red, of rich flavor. Excellent keeper well into winter, and a splendid shipper. Tree hardy, quick, strong grower. Heavy cropper.

Delicious Winter. Has established its claim to first rank, both for commercial and home orchards. Fruit large, flesh fine grained, crisp, juicy and really delicious. Tree hardy, vigorous grower, producing enormous annual yields.

Grimes Golden Winter. Medium to large size; skin golden yellow; delicious, sparkling flavor. Tree very hardy and productive. Bears young.

Jonathan Grand, good winter Apple. Bright, solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender—a splendid family sort and highly profitable for market. Tree long-lived, productive and an early bearer. Will keep well without especial care, and also stand much handling.

McIntosh One of the very best winter Apples. Bright, deep red color. Flesh white, tender, juicy, with a rich, delicious and very distinctive flavor. Tree hardy, vigorous and healthy.

Rome Beauty Large winter Apple of good quality; in season from December to March. Shape round, color yellowish, mottled and striped in different shades of red. Thick skinned, stands handling well and a good keeper. Bears young.

Cortland.

TURLEY Red Winesap

Extra fine commercial Apple. Colors red on the tree much earlier than other Winesaps, filling a long-felt need. Originated in Indiana, and now one of the leading Apples there. Large, very red fruit. Excellent flavor and quality. Vigorous tree—bears young. Ripens just before Stayman's Winesap. You Can't Afford to Overlook This Superior Apple.

Cortland New. Derived from McIntosh, but fruit larger, more uniform in size, more highly colored, richer in flavor, firmer but fully as juicy. Clings to tree more tenaciously, and ripens 3 to 4 weeks later, extending the keeping period. Fine for cooking or dessert. A good shipper. Bears 2 or 3 years after planting. Prices on next page.

Double Red Delicious

The new, superior Delicious that is creating a sensation. Fruit is red all over as early as August, when other Delicious are still green. Extra fine flavor. Brings highest prices on the market. Supply is limited, so order early.

APPLE TREES

Red Astrachan Ripens in July. Best midsummer cooking and eating Apple for home and market. Tree is hardy and regular bearer, grows vigorously, and bears fourth year. Fruit large, roundish, nearly covered with deep crimson. Juicy, rich, sub-acid flavor. Keeps well until September.

Stayman's Winesap A good early winter keeper. Fruit large, bright red color. Flesh tinged with yellow; firm, crisp, with pleasant, rich acid flavor appealing to everyone.

Wealthy Ripens late summer and early autumn. Perfectly hardy, vigorous and productive. Fruit large, red streaked with white. Quality good. A profitable market sort.

Winter Banana Early winter variety. Large, beautiful, brilliant waxen yellow with red cheek. A most attractive, high quality, juicy Apple, with exquisite flavor that delights everyone. Especially good for eating out of hand. Tree hardy; bears young; good crop every year.

Yellow Transparent Ripens in July. One of the best early varieties. Skin is clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid.

YELLOW DELICIOUS

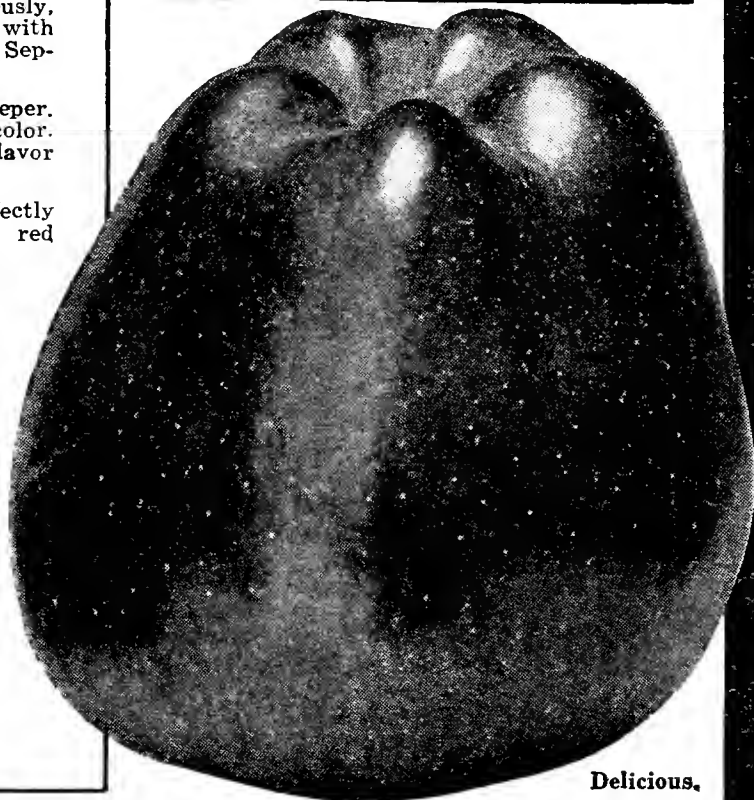

BEST YELLOW APPLE. Illustrated on back cover.

Waxy golden color. Luscious flavor, finest in the world. Bears very early, in 2nd or 3rd year. Keeps until late spring without becoming mealy. Very hardy.

You'll make more money with our Yellow Delicious.

PEARS

CONFERENCE

Fine New Pear from England

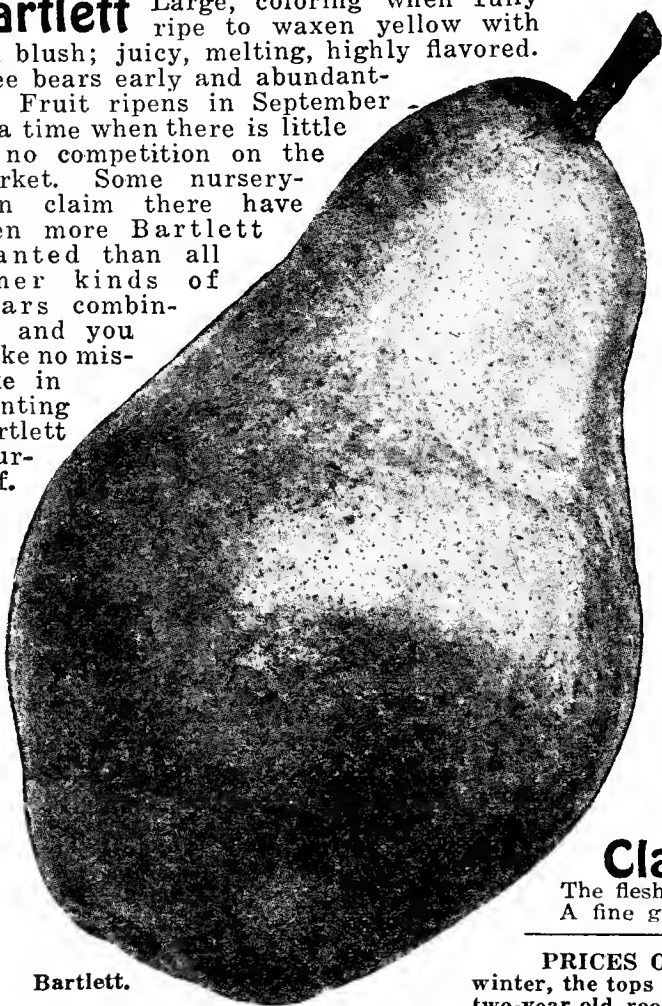

(See illustration on front cover).

Tested in the United States and found to be equal to Bartlett in every respect. Not subject to blight.

Very productive. Note the tremendous crop on the five-year-old Conference tree at the right. Bears every year without fail. Large in size. Extra fine quality—melting—very juicy—sweet. Greenish yellow, with russet markings; flesh white, with just a tinge of pink.

Ripens middle of September, keeps until November or December. Highly recommended for home orchards and commercial growers.

Bartlett Large, coloring when fully ripe to waxen yellow with red blush; juicy, melting, highly flavored. Tree bears early and abundantly. Fruit ripens in September at a time when there is little or no competition on the market. Some nurserymen claim there have been more Bartlett planted than all other kinds of Pears combined, and you make no mistake in planting Bartlett yourself.

Bartlett.

Seckel

(Sugar Pear). Small size; yellowish russet, with red cheek. Flesh white, buttery, very juicy and melting. One of the highest flavored Pears. The richest and finest variety known. Ripens in September and October.

Kieffer

Best Pear for large commercial plantings, because of its sure crop, heavy yield and exceptional shipping qualities. Ripens in October and November. Fruit large, and of good quality. Sometimes known as "Winter Bartlett."

Buerre Bosc

Should be in every garden. Fruit very large, of distinct gourd shape—roundish at blossom end, with long, thin, tapering neck. Beautiful golden russet color. Flesh fine grained, juicy and melting, very delicious and high flavored. Ripens late September or early October.

Clapp's Favorite

A superb, large, long, yellow Pear, richly flushed with russet-red next the sun. The flesh is fine grained, juicy, melting and buttery. Earlier than Bartlett. A fine grower and extremely productive. Ripens in early August.

Moorpark.

PRICES OF PEAR TREES: Due to the extremely cold temperatures of last winter, the tops of all northern grown Pear trees froze. Those offered this year have two-year-old roots, but one-year tops. They are up to grade in every respect, fully up to caliper, with heavy roots, but only slightly branched.

ALL VARIETIES LISTED (Except Conference):

	Each	10	100
2-year, 9/16 inch, 5- to 6-ft. trees	\$0.55	\$5.00	\$45.00
2-year, SPECIAL SUPER-SIZE, 11/16 inch and up	.65	6.00	55.00

SPECIAL DISCOUNTS for all cash with order. See page 3.			

APRICOTS

Moorpark Produces very large, orange-yellow colored fruit with red cheek; yellow, sweet, juicy and delicious; freestone, and very productive. Extra good for either market or dessert. August.

Superb A hardy tree and a sure cropper. The best flavored, most productive hardy Russian Apricot yet produced. Medium size, light salmon color.

PRICES OF APRICOT TREES:

Abundance.

German Prune Large, dark purple, sweet. One of the best for commercial planting. Excellent for drying and canning. Plant a few trees or a large orchard of this variety, and you will not go wrong. Ripens in September.

Burbank Most profitable market variety. Tree hardy, spreading, vigorous and very heavy yielder. Bears young. Fruit large and of excellent quality; cherry-red, with lilac bloom. Ripens in August.

Monarch Very large, roundish oval. A very handsome, rich, purple Plum that has attained popularity more quickly than any other Plum of recent introduction. Flesh golden yellow, juicy and sweet. Tree strong grower, bears young and yields abundant crops. One of the most valuable. Ripens in October.

Reine Claude (Green Gage). An unusually high quality eating Plum, and because of its rich flavor, one of the very best for canning. Large, yellow-green, juicy, melting, sugary and delicious. Ripens quite late, and hangs for a long time on the trees. Very hardy and productive.

PRICES OF PLUM TREES:	Each	10	100
ALL VARIETIES LISTED:

QUINCES

The Quince crop is usually reliable and not often destroyed by capricious weather variations. The fruits are highly regarded for preserving, for jelly, and above all for that delectable, golden "Quince Honey." Both fruit and flowers are quite fragrant, and the trees and bloom highly ornamental.

Orange Sometimes called Apple Quince. Fruit large, round, with a short neck; color bright yellow; flesh firm and tough until cooked, when it becomes tender, juicy and of excellent flavor. We recommend the Orange as the best all-around variety to plant. Quinces always bring a good price when marketed. Tree bears young. A good tree to plant on hillside or where land is hard to work, as it requires very little care.

PRICES OF QUINCE TREES:	Each	10	100
2-year, 4- to 5-ft. trees	\$0.75	\$7.00	\$65.00

PLUMS

Plums are hardy and grow vigorously in nearly all sections, succeeding on any medium fertile soil. The market for Plums is never overstocked, so that good, profitable returns are assured. Plant 16 to 18 feet apart.

Abundance Deliciously sweet, juicy and melting. Oblong, amber-colored, overspread with bright red. Flesh orange-yellow. Medium to large in size. Tree is a strong grower and an early and profuse bearer. Valuable for market and canning. Ripens in August.

Yellow Egg The best Yellow Plum. Trees are hardy in any climate. Fruit is very attractive, large, and rich yellow in color. It is a great canner. Bears a large crop, even when the trees are quite young.

The NEWER

All Hybrid Teas

Will bloom continuously this summer and every year following. Everyone loves Roses. At our low prices you can plant all you want. Remember, our Roses are strong, two-year, field-grown bushes, ready to bloom.

Roslyn New. Very attractive. Petals purest gold on inside, deeper in center, outside gold splashed with orange. Fine form. Good grower.

Schwabenland New pink Rose unlike any other in color or in the splendid formation of its buds. Flowers are over 5 inches in diameter, with a high, spiral center, and peculiarly curled petals. Luminous rose-pink in color, carried on long, stiff stems.

Talisman Most astounding Rose novelty produced in many years. Its brilliant orange-red buds open to large, fragrant, high-pointed bloom of glowing golden yellow stained with copper-red and orange-rose on inside of petals. As the petals unfold, they become bright apricot-gold, deep rose-pink or old rose, and unlike most Roses, the color becomes brighter as the flowers develop. Plants are vigorous, healthy and hardy growers.

Rev. F. Page-Roberts

Remarkably beautiful Rose, both in form and color. Long, coppery red buds, opening to marvelously colored flowers of golden yellow stained with copper and reddish buff on the outside of petals. Unusually large, double flowers; sweetly scented. Strong, healthy plants.

Edith Nellie Perkins

Long pointed buds; flowers moderately double, and produced on long stems. The outside of the petals is cream and blush, shaded with orange at the base. The inner face is salmon-pink with a golden orange base. Very fragrant. Bushes are of strong, robust growth.

Schwabenland.

Dame Edith Helen

Largest, most perfectly shaped and most perfumed pink Rose. Clear, glowing pink, from the time the bud opens until the petals fall. Blooms abundantly, with long, strong stems. Growth of bush is vigorous and thoroughly hardy. Wins praise and admiration everywhere.

Etoile de Hollande

Large, velvety crimson flowers produced in great profusion throughout the summer. Deliciously perfumed. Vigorous, upright grower. Unquestionably a popular and excellent red Rose.

Etoile de Hollande.

Lady Margaret Stewart

Flowers are full and double, sweetly scented, and of wonderful shape. Immense buds, long and pointed, of a deep sunflower yellow, heavily veined and splashed with orange-scarlet. As the flowers open, these colors intermingle, forming a beautiful cadmium-orange effect.

Mevrouw G. A. Van Rossem

Vivid flowers of deep golden apricot, shaded with copper-pink and heavily veined with deep orange-russet. Very large, perfect in form and sweetly scented; produced freely on strong, upright growths.

Sensation

Pointed buds of deep scarlet-crimson, opening to large flowers of dark crimson, on long stems. Very fragrant. Strong grower, free bloomer.

Margaret McGredy Brilliant brick-red or orange-scarlet. Large, pointed buds open to fine, full blooms that fade but little. Healthy foliage. Lovely new variety much in demand.

Mrs. E. P. Thom Best yellow Rose. Fine long buds open into perfectly shaped, open flowers of rich lemon-yellow which do not fade; sweetly scented. Very vigorous grower and continuously in bloom.

E. G. Hill New, best red Rose. Beautiful long buds of perfect form, and full, double, high-centered flowers of dazzling scarlet, shading to deeper velvety red as they develop. Exquisitely perfumed. Vigorous, free flowering habit.

Pres. Herbert Hoover

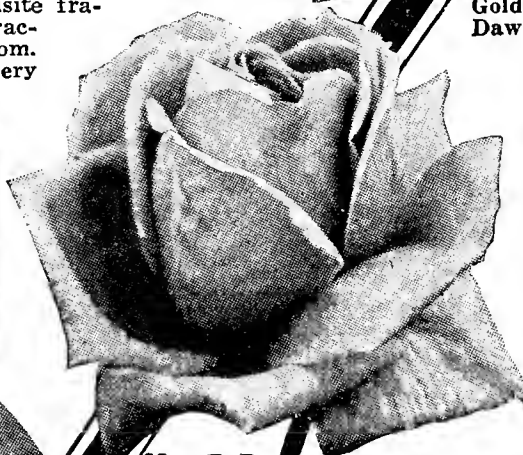

A gorgeous Rose of a really new color combination. Buds are coppery red, beautifully pointed, and borne on rigid stems. Large flowers are a vivid cerise-pink, scarlet-orange and gold, rioting in the most dazzling color effect imaginable. Exquisite fragrance. Unusually attractive in all stages of bloom. Very free flowering. Very popular new Rose.

Olympiad.

Golden Dawn.

Group D Varieties Below

60c each
\$1.65 for 3
\$3.00 for 6

Olympiad A wonderful new Rose—unique in color. Lustrous, dark oriental scarlet, its depth and warmth accentuated by a bright golden base and intensified by a marvelous velvety sheen that makes its rich coloring particularly effective, especially under artificial light. Blooms are beautifully formed, of globular type with a high center, perfumed and long stemmed.

Golden Dawn

Delightful new Rose, with coloring suggestive of the name Golden Dawn. Bud rich straw-yellow, flushed old rose; flower double, well formed, fragrant, sunflower yellow passing to lemon-yellow with age. Very free flowering; strong plant with large, glossy, healthy green foliage. We recommend this in every way.

Chas. P. Kilham Longpointed buds of perfect shape, opening to high centered, full double flowers. Blooms are a blazing scarlet-orange at first, opening to bright orange-pink with fiery centers. Sweetly scented. Vigorous grower, very free flowering, and excellent both for bedding and cutting.

We Send Planting Instructions Free With Every Order.

Favorite Roses

JONKHEER J. L. MOCK. (Hybrid Tea). Beautiful two-toned pink—clear pink on inside of petals, outside silvery rose. Very full. Free blooming. Long, stiff stems.

BETTY UPRICHARD. (Hybrid Tea). Deep toned carmine with coppery orange blend; interior mostly delicate salmon-pink. Very choice.

RED RADIANCE. (Hybrid Tea). Large, globular flowers of an even, clear red. Constantly in bloom. Very popular.

PINK RADIANCE. (Hybrid Tea). Extra hardy, vigorous and prolific. Beautiful blending of carmine-rose with shades of opal and copper.

GRUSS AN TEPLITZ. (Hybrid Tea). Bright scarlet, shading to velvety crimson; fragrant; free flowering.

MME. EDOUARD HERRIOT. (Pernetiana). Unique and unsurpassed coloring. Glorious commingling of terra cotta, bronze, geranium-red and dull copper; fine long pointed buds of coral-red and yellow.

Pink Radiance.

Mme. Edouard Herriot.

Strong, 2 year, field-grown bushes

35c each 3 for \$1.00 6 for \$1.75

SOUV. de CLAUDIUS PERNET. (Pernetiana). Most satisfactory yellow Rose. Strong, sunflower-yellow, even deeper toned at center. Large flowers; buds long and pointed. Vigorous growing bush, with brilliant foliage.

PAUL NEYRON. (Hybrid Perpetual). Largest Rose in cultivation. Color bright cerise-red, very fragrant. June until late October. Flowers full and double.

LOS ANGELES. (Hybrid Tea). Beautifully shaped, fragrant flowers of pale salmon-pink, richly shaded with deep rose and gold.

KAISERIN AUGUSTA VICTORIA. (Hybrid Tea). Most popular white Rose. Large, double, very fragrant flowers borne on long, stiff stems.

MRS. AARON WARD. (Hybrid Tea). Very distinct, coppery orange in the bud, golden orange when partly developed, and pinkish fawn when fully opened; very fragrant.

FRAU KARL DRUSCHKI. (Hybrid Perpetual). Very large, perfect form, and snow-white; vigorous grower; free bloomer.

ROSA HUGONIS. Golden Rose of China. Unlike any other Rose. Has a shrublike manner of growth, and naturally forms symmetrical bushes about 6 feet high and the same in diameter. Flowers are single and delicate, ranging in color from deep gold to canary, and produced in long, arching sprays early in May.

F. J. GROOTENDORST. (Baby Rambler Rugosa Rose). Typical Rugosa foliage and habit; compact, bushy growth. Bloom is in clusters of oversized, double red flowers, produced from early summer until fall. Valuable for either specimen or group planting.

CLIMBING ROSES

BLAZE

The New Hardy Everblooming Scarlet Climber. Blooms continuously throughout the summer. Protected under U. S. Plant Patent No. 10 and offered for the first time last season. A cross between Paul's Scarlet and Gruss an Teplitz, from which it inherits its everblooming qualities. Blaze is seldom out of bloom. In the middle of August the bushes are covered with vivid scarlet flowers from bottom to top. A brand-new creation. Be first in your community to plant this new climber. Strong, 2-year, field-grown bushes, \$1.50 each; 6 for \$7.50.

GOLDEN CLIMBER

(Mrs. Arthur Curtiss James). Something brand new in climbing Roses. Lovely golden yellow blooms on long stems; semi-double. Long lasting. Of the Hybrid Tea type. Fully grown Roses will average 4 to 5 inches in

diameter. Very hardy. Beautiful foliage; vigorous grower. Your Rose garden won't be complete without Golden Climber. Strong, 2-year, field-grown bushes, \$2.00 each; \$10.00 per 6.

BLAZE AND GOLDEN CLIMBER ARE PATENTED UNDER U. S. PATENT LAWS

Paul's Scarlet A wonderful Rose for trellis or pergola. No other Rose in any class, can compare with this for brilliancy of color, which is maintained until the petals fall. The flowers, a vivid scarlet, are of good size, semi-double, very freely produced in clusters, on much branched canes, the plants being literally covered from top to bottom with bloom. Blooms very long, holding flowers after many June bloomers have dropped their petals. Strong, 2-year, field-grown bushes, 35c each; 3 for 90c; 6 for \$1.50.

American Beauty The famous American Beauty Rose in climbing form. Has all the characteristics of its relative, including form and fragrance. Lovely deep rose colored flowers. Healthy foliage, and has strong climbing habit of growth. Strong, 2-year, field-grown bushes, 30c each; 3 for 80c; 6 for \$1.40.

Baby Rambler A fine rose for massing in beds. Seldom attains a height of more than 18 to 24 inches; spreads out about 18 inches. Flowers are crimson-red in color, florets of good size in gracefully arranged clusters. We suggest that at least three bushes be planted for most attractive effect. Strong, 2-year, field-grown bushes, 30c each; 3 for 80c; 6 for \$1.40.

Gardenia Bright yellow buds opening into double flowers of a rich cream color. Lovely as a gardenia in form. Strong, 2-year, field-grown bushes, 25c each; 3 for 65c; 6 for \$1.15.

Primrose New Yellow Climber. Light primrose-yellow blooms which do not fade. Large flowers borne in trusses of from two to five, on long stems; very long lasting. Hardy, vigorous grower, with healthy, dark green foliage. Will undoubtedly become the most popular yellow climber for the North. Our price for strong, 2-year, field-grown bushes, only 45c each; 3 for \$1.20; 6 for \$2.10.

Mme. Gregoire Staechelin

The charming new "Spanish Beauty" climber. The buds are long and pointed, crimson at first, then the firm outer petals show splashes of carmine as the flower opens, with an iridescent pearl-pink inside; richly perfumed. It grows to a height of 12 feet or more, and has large, disease-resistant foliage. We price this new variety very low for strong, 2-year, field-grown bushes, only 40c each; 3 for \$1.05; 6 for \$1.80.

Scorcher Grand New Climber giving an unusual effect. Its name describes it—scorching, fiery red blooms, large, semi-double. A great profusion of bloom in June with occasional recurrence throughout the summer. A different, most attractive variety. Strong, 2-year, field-grown bushes, only 50c each; 3 for \$1.35; 6 for \$2.40.

Strong, Field-Grown Plants

20c each; 3 for 50c; 6 for 90c

Net, Postpaid.

Chinese Lantern Plant

Dense bushes, 2 feet high, with many bright, orange-scarlet, lantern-like fruits. Very popular for winter bouquets of brilliant color.

Chinese Lantern Plant.

Gypsophila.

Gypsophila (Baby's Breath). Beautiful branching plant, covered in midsummer with a fleecy mass of small, white flowers, useful for mixing in bouquets.

Hibiscus (Giant Flowering Rosemallow). Very large, showy flowers throughout the summer. Perfectly hardy and does well anywhere. Your choice of Red, Pink or White with Crimson Eye. Specify color.

Pyrethrum (Painted Daisy). Blooms throughout the summer. Fine cut flower. Lovely rose color.

Campanula (Canterbury Bells). Lovely border plant, with a liberal number of flower spikes along which are a crowded profusion of bells. Blue or Pink. Specify color.

Aquilegia (Columbine). Long-Spurred Hybrids. Dainty, showy and desirable as cut flowers. Bloom in June and July. Prefer partial shade. Pastel shades of rose, blue and yellow. Mixed.

Tritoma (Red Hot Poker). Flaming scarlet flowers, the opened lower petals rimmed with orange. Mulch for winter protection.

Hollyhocks Make showy backgrounds and tall borders. Bloom freely all summer. All double flowering in your choice of Red, White, Pink or Yellow.

Delphiniums ENGLISH HYBRIDS. Very choice. More delightful color tones and patterns. Among them occur the much prized shades of pink and white, besides the full range of blues; but no particular colors are guaranteed.

BELLADONNA. Magnificent sort; large spikes of delicate turquoise-blue.

BELLAMOSA. A very dark blue. Contrasts strikingly with Belladonna.

New! Aladdin Chrysanthemum Everblooming. July to frost. Exquisite coppery bronze, with an overlay of orange-apricot. Creates a sensation wherever grown. Strong plants, 50c each; 3 for \$1.25.

Pink Cushion Chrysanthemum A marvel of beauty. Entire clump covered with bloom all fall. Beautiful shade of pink. Similar to Azaleamum. Strong plants, 30c each; 3 for 75c.

Crimson King Carnation New! Hardy! Everblooming! Loads of gorgeous rich red, double blooms, on long stems, from June till frost. Wonderful, spicy scent. Perfectly hardy. Blooms first year. Similar to Dazzler. Strong plants, 30c each; 3 for 75c.

EVERGREENS

Big Size and Baby Size

Our Big Size Evergreens are large enough for immediate effect. Their roots are carefully balled in damp moss or peat, to cut down on weight, and then wrapped in burlap. This insures safe transplanting. Each will weigh from 10 to 15 pounds, and can be shipped by parcel post or express.

Colorado Blue Spruce

Most popular and showy of all Spruces. Glistening silver foliage. Very hardy, good grower, withstands severe winters and excessive moisture, and is very easily transplanted. When dormant the tree acquires a somewhat greenish cast, but as soon as the new growth makes its appearance, clothing it in a deeper cast of blue, the full beauty of this glorious tree can be appreciated to the utmost. Balled in moss and burlapped, 18-24 in., XXX, selected specimens, only \$2.50 each; or 3 for \$6.50. Baby size, 8 to 12 in., 35c each; 2 for 60c.

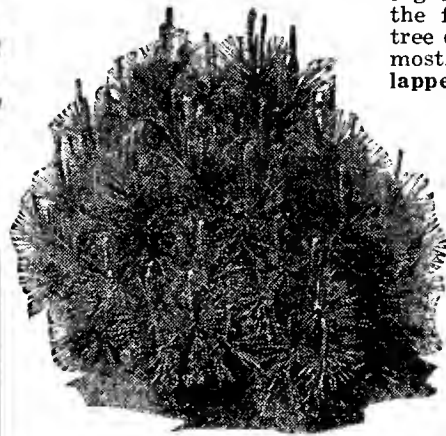

Colorado Blue Spruce.

SPECIAL

Extra large trees, 5 to 7 ft., balled and burlapped.

Your choice of Austrian Pine or Scotch Pine.

\$4.00 Each; 3 for \$10.00

Mugho Pine.

Mugho Pine

Genuine true dwarf type. Growth is dense and plants are thickly covered with heavy, dark green needles. Never grows over four to five feet tall, but spreads out six or more feet in diameter when full grown. Balled in moss and burlapped, 15x18 in. trees, XXX, \$1.75 each; 3 for \$4.50. Baby size, 9-12 in., 35c each; 2 for 60c.

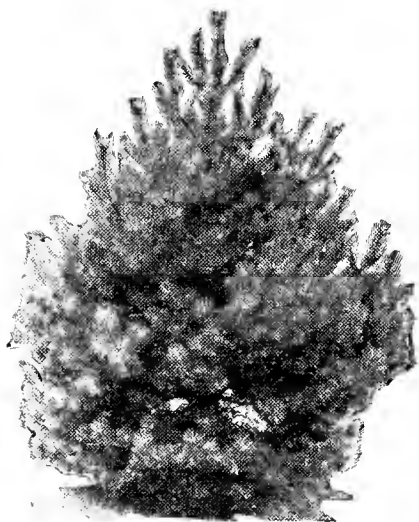

Irish Juniper

Erect and slender, formal and columnar in form. Very compact, deep green foliage. When matured, this tree reaches a height of six to seven feet, but it is never over 1½ feet in diameter. Popular for cemetery plantings as well as for landscaping home grounds. Balled in moss and burlapped, 18-24 in. trees, XX, \$1.15 each; 3 for \$3.00. Baby size, 10 to 12 in., 35c each; 2 for 60c.

Austrian Pine Long, slender, deep green needles. One of the best evergreens for city planting, coal gas and smoke having no effect on its growth. Equally good for seashore and inland. Large size, see prices above. Baby size, 8 to 12 in., 35c each; 2 for 60c.

Globe Arbor-Vitae

Splendid globe shape. Maintains itself well under all conditions, and keeps the globe habit without trimming. Seldom higher than 3 feet. Dense, deep sea-green foliage. Balled in moss and burlapped, 12x15 in. specimens, XX, \$1.15 each; 3 for \$2.75. Baby size, 6 in. diameter, 35c each; 2 for 60c.

Austrian Pine.

Pyramidal Arbor-Vitae

Densely columnar type, compact and erect. Foliage is deep green. Height when matured, 12 to 15 feet. Most popular pyramidal tree on the market. Balled in moss and burlapped, 24 to 30 in. trees, XX, \$1.40 each; 3 for \$3.50. Baby size, 8 to 10 in., 35c each; 2 for 60c.

Pfitzer's Juniper

Extremely popular. Thrives anywhere. One of the few evergreens that will withstand considerable shade. Color is deep green, with a grayish cast. Should be in every evergreen planting. Balled in moss and burlapped, 15 to 18 in., XX, only \$1.50 each; 3 for \$4.00. Baby size, 6 to 10 in., 35c each; 2 for 60c.

Norway Spruce

Fine for windbreaks and hedges; equally good for groups or specimens. Tall, rapid grower. Most popular for Christmas trees.

Selected specimens, 3 to 4 ft. tall, balled in moss, only 95c each; 3 for \$2.50. Baby size, 10 to 12 in., 25c each; 2 for 45c.

New! Moerheim's Blue Spruce The Finest Blue Spruce.

bluer than either Koster's or Colorado Blue Spruce. Grows straight and shapely. Originated in Holland, and so much superior to other kinds that the U. S. Government allowed the stock to come into the country for propagating purposes. You'll surely want this excellent Spruce in your evergreen planting, so order early, for our stock is limited. Price, balled in moss and burlapped, 15-18 in., XXX, selected specimens, only \$3.25 each; 3 for \$9.00. No baby size in this variety.

Concolor Fir Blue tinged, showiest of all Firs.

One of the most attractive evergreens in winter. Retains its lower branches, has no insect enemies, and is the best Fir tree to withstand heat and drought. Its large, flat leaves, thickly disposed on the branches, are very noticeable, giving it a dignified appearance. No evergreen planting is complete without Concolor Fir. Balled in moss and burlapped, 18-24 in. trees, XXX, only \$2.50 each; 3 for \$6.50. Baby size, 6-8 in., 40c each; 2 for 75c.

Concolor Fir.

Moerheim's Blue Spruce.

Chinese Purple Wisteria Elegant and very rapid growing.

Has long, pendulous clusters of pale blue flowers in May and June, and in autumn. 2-year, No. 1 choice specimens, from blooming wood, 40c each; 3 for \$1.10.

New! Climbing Hydrangea Rare!

A mass of white or greenish white, very fragrant flowers, similar to Bush Hydrangeas. Blooms in June or July. Large, shiny, dark green leaves. 2-year vines, 50c each; 3 for \$1.35.

American Bittersweet Handsome, glossy foliage, and large clusters of beautiful, orange-crimson berries, remaining all winter. Charming for winter house decorations. 2-year, No. 1 vines, 30c each; 3 for 75c.

Matrimony Vine Fine climber. Purple flowers, followed by scarlet berries. 2-year vines, 25c each; 3 for 60c.

Clematis Jackmani Immense flowers of an intense violet-purple color continuously throughout the summer. Strong, 2-year vines, only 80c each; 3 for \$2.25.

Clematis Paniculata Produces in late summer dense sheets of pure white flowers, extremely sweet scented. Grows anywhere; free from insects. 2-year, No. 1 vines, 30c each; 3 for 75c.

Kudzu Vine Hardy. Large foliage and dense shade. Runs 30 to 40 feet in one season. Blooms in August. Rosy purple, pea-shaped, in small racemes. 2-year, No. 1 vines, 20c each; 3 for 50c.

Honeysuckle, Hall's Japan Strong, vigorous vine, with pure white flowers changing to yellow. Extremely fragrant, and blooms all summer. 2-year, No. 1 vines, 20c each; 3 for 50c.

Honeysuckle, Scarlet Trumpet Similar to Hall's Japan, but with trumpet-shaped flowers of bright scarlet. 2-year, No. 1 vines, 25c each; 3 for 60c.

Boston Ivy One of the finest hardy climbers for covering walls and trunks of trees, as it clings firmly to any surface. Deep green in summer, bright red in autumn. 2-year, No. 1 vines, 35c each; 3 for 95c.

Silver Lace Vine

Unusually charming. Climbs gracefully anywhere. Grows very rapidly, averaging 25 feet in a season. A well grown specimen is a cloud of lacy, misty white shot with tints of cream and pale rose of exquisite effect. Blooms late summer and fall. Strong, 2-year vines, 50c each; 3 for \$1.25.

Bargain No. 37

- 1 Eleyi Crab
- 1 Jap. Flowering Cherry
- 1 Cornus Florida Rubra

\$2.10 Net,
Not Prepaid.

FREE! 1 Prunus Triloba

Cornus Florida.

Cornus Florida (White Flowering Dogwood). Flowers white, 3 to 3½ inches in diameter, produced in spring before leaves appear; very abundant and showy. Foliage grayish green, glossy and handsome; in autumn turning to deep red. Spreading irregular form, growing 20 to 25 feet high. Strong, 2-year, 2-3 ft. trees, only 60c each; 3 for \$1.65; or 10 for \$4.95.

Prunus Triloba (Double-Flowered Plum). The Rose Tree of China. One of the most beautiful and showy of flowering trees. Very early in spring, before its leaves appear, the small tree is decked in a fleecy cloud of very double light pink blossoms. No lawn is too small for at least one of these trees, as they seldom attain a height of more than 8 feet. A row along the driveway also gives a lovely effect. The roselike blossoms make excellent cut flowers. Strong, 2-year, 2-3 ft. trees, 45c each; 3 for \$1.25; or 10 for \$3.75.

Prunus Pissardi (Purple-Leaved Plum). A very remarkable and beautiful tree, with almost black bark, and striking pinkish purple leaves in the spring that deepen in color as the season advances. Has single, white flowers. Very striking and ornamental for lawn planting. Strong, 2-year, 2-3 ft. trees, 40c each; 3 for \$1.05; or 10 for \$3.00.

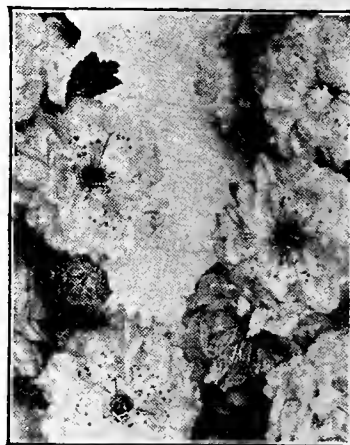

Judas Tree (Redbud). A medium sized tree with large, irregular head and heart-shaped leaves. Especially beautiful in early spring, when covered with bright pink blossoms. Grows best in a moist, sandy loam. One of the finest ornamental trees. Strong, 2-year, 2-3 ft. trees, 40c each; 3 for \$1.05; or 10 for \$3.00.

Ailanthus (Tree of Heaven). An extremely rapid grower with brilliant green, palmlike leaves. Thrives in city lots exposed to gas and smoke, and in soil where other trees would perish. Extra heavy rooted, 3-4 ft. trees, 30c each; 3 for 80c; or 10 for \$2.25.

Weir's Cut-Leaf Maple This variety is one of the most attractive of the well known, popularly loved Maples. It is a Silver Maple with remarkable and dissected foliage. Of rapid growth, shoots slender and drooping, giving it a very dense appearance clear to the ground. Strong, 2-year, 5-6 ft. trees, 60c each; 3 for \$1.65; or 10 for \$4.95.

Japanese Flowering Cherry

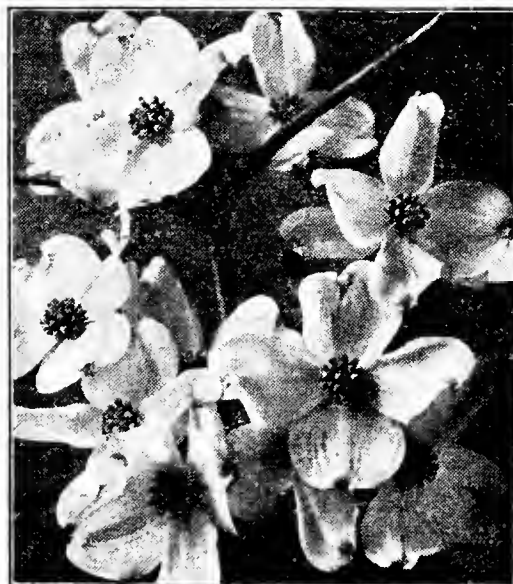

Extremely beautiful small sized flowering tree which is taking America by storm. Flowers are very full and double, deep pink or old rose, varying in tone according to weather conditions. This tree will add interest to any planting. Try to duplicate our low price elsewhere for trees of equal size and quality. Vigorous, 2-year, 3-4 ft. trees, only \$1.10 each; 3 for \$3.00; or \$9.00 for 10.

Prunus Triloba.

Very Choice! Cornus Florida Rubra (Red Flowering Dogwood).

Covered in early spring with masses of large, rose-red blooms. Rich red berries in fall. Formally shaped; slow growing. Unusually attractive lawn specimen or group subject. This fine tree will excite admiration wherever grown. Strong, 2-year trees, 2 to 3 ft. tall, \$1.25 each; 3 for \$3.50; or 10 for \$10.50.

Cornus Florida Rubra.

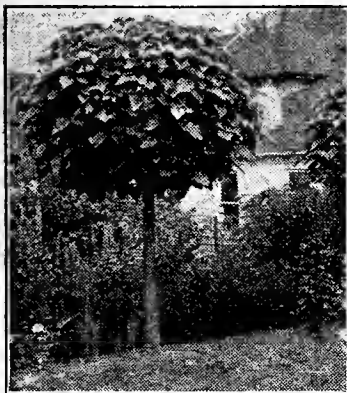

Weir's Cut-Leaf Maple.

Japanese Flowering Cherry.

Catalpa Bungei (Umbrella Catalpa). Makes an umbrella-shaped top without pruning, forming a pretty, symmetrical, dome-shaped head of large, glossy, heart-shaped, deep green leaves. Very desirable for border along drive or walk, or for lawns. Strong, 5-ft. trees, with 2-year heads, only 90c each; 3 for \$2.55; or 10 for \$8.00.

Catalpa Bungei.

Cut-Leaf Sumac (Rhus typhina laciniata). Attractive small tree with deeply cleft leaves. If pruned to induce considerable bottom growth, a delightfully ferny effect is created. White flowers are borne during June and July, followed by red fruits. Leaves turn to brilliant red in the fall. Strong, 2-year, 18 to 24 in. stock, 30c each; 3 for 80c; or 10 for \$2.25.

Cut-Leaf Sumac.

Japanese Red-Leaved Maple

A valuable addition to any planting—the most beautiful of the Maples. Leaves are a vivid blood-red, of unrivaled brilliancy and charm. Tree is hardy and dwarf growing, rarely attaining a height of more than 8 to 10 feet. Very effective as single specimens, in groups, or as foreground subjects in mixed groups. Fine trees, 2-year, grafted, 15 to 18 in., balled and burlapped for best results, at only \$1.95 each; 3 for \$5.50.

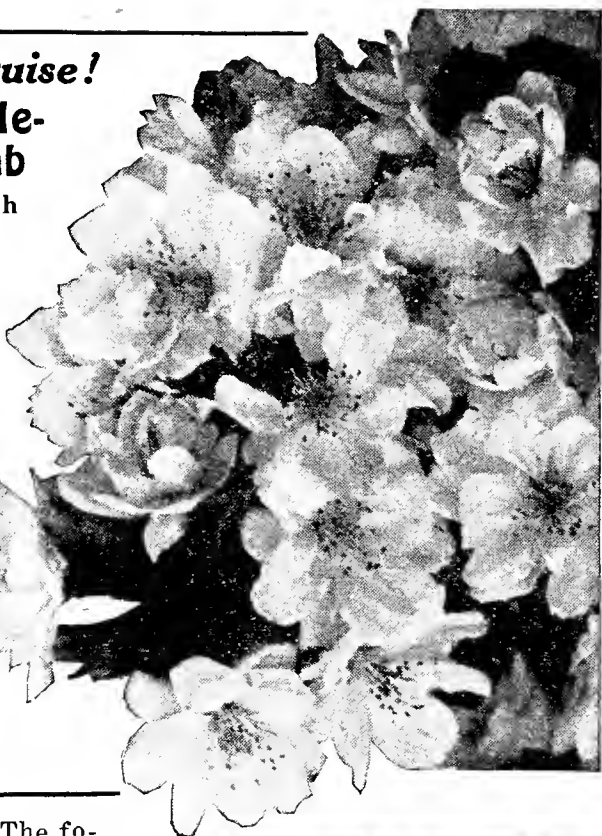

Japanese Red-Leaved Maple.

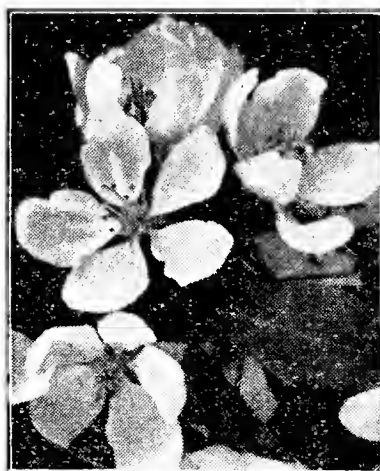

A Rose in Disguise! Bechtel's Double-Flowering Crab

Sweet as the Breath of Spring.

A wonderful, low, bushy tree which blooms when quite young. Words fail to describe its surpassing beauty when in bloom. At a distance the tree seems covered with dainty roses of delicate pink color. Very fragrant. Especially desirable for lawns and for use in the small yard. Strong, 2-year, 2-3 ft. trees, 50c each; 3 for \$1.35; or 10 for \$4.00.

Eleyi Crab Red-Leaved Crab. The foliage of this variety is brilliant purplish red; very attractive. The flowers are rich red in color, in thick clusters like apple blossoms. In autumn the showy clusters of dark red fruits are much admired. A newer, much prized ornamental. Fine, 2-year, 2-3 ft. trees, 50c each; 3 for \$1.35; or 10 for \$4.00.

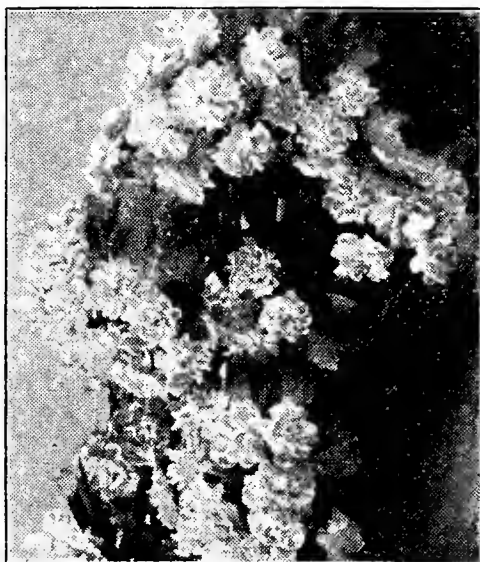

Eleyi Crab.

Cut-Leaf Weeping Birch A beautiful, tall, slender tree of vigorous growth, with graceful drooping branches, silvery white bark and delicately cut foliage. Very popular for single lawn specimens or groups; the white bark of trunk and twigs gleaming conspicuously among the darker greens and browns. Strong, 2-year, 4-5 ft. trees, \$1.10 each; 3 for \$3.00; or 10 for \$9.00.

Paul's Double Scarlet Thorn

A handsome dwarf tree with shiny leaves of attractive shape and color; blooming in profusion late in spring with compact clusters of deep crimson-scarlet flowers, very double. These are followed by large red fruits of vivid autumnal colorings. A most attractive small tree for solitary specimens, as showy in fruit as when in bloom. Strong, 2-year, 4-5 ft. trees, \$1.10 each; 3 for \$3.00; or 10 for \$9.00.

Paul's Double Scarlet Thorn.

Cut-Leaved Weeping Birch.

Chinese Elm.

Teas' Weeping Mulberry

The most graceful hardy weeping tree in existence. Forms a perfectly round, tent-shaped head, with slender, leaf-studded branches drooping to the ground; the diameter of its leaf-screened bower about half the height. It has beautiful foliage, is hardy, safe and easy to transplant. Admirably adapted for small grounds, specimens or for cemetery planting. It is equally valuable when used as a screen against high walls, or to separate the garden from the lawn. We offer well developed trees, with straight stems, the best to be had, at an unusually attractive price. 2-year, 5-6 ft. trees, \$1.50 each; 3 for \$4.25; or 10 for \$13.00.

Teas' Weeping Mulberry.

Magnolia Tripetala.

Silver Maple (*Acer dasycarpum*). A hardy, rapid growing, beautiful native tree attaining a large size, valuable for producing a quick shade. Its leaves are good sized, rather deeply and irregularly indented, turning to bright yellow and bronze in the fall. It makes a broad, bulky tree, getting to a shading size quicker than any other variety. Trees well rooted, well branched, straight trunks; all fine, sturdy specimens. Prices: 2-yr., 5-6 ft., 30c each; 3 for 80c; 10 for \$2.50. 2-yr., 6-8 ft., 50c each; 3 for \$1.35; 10 for \$4.00. 3-yr., 8-10 ft., 75c each; 3 for \$2.10; 10 for \$6.50.

Chinese Elm (*Ulmus pumila*). Fully as beautiful as the American Elm, and has the advantage of being a far more rapid grower. Will give ample and luxurious shade in only 5 or 6 years from planting. A tree of rare beauty; has dense, dark green foliage; is the first shade tree to leaf out in the spring, and the last tree to shed its leaves in the autumn. Thrives on rich or poor soil, resists drought and cold, and succeeds in all parts of the United States. Does well everywhere, except on low, wet ground.

Chinese Elm is destined to shortly become the most popular lawn and shade tree in America. Prices: 12-15 inch seedlings, 12 for 60c; 50 for \$2.00; or \$3.50 per 100. 2-yr., 3-4 ft. trees, 30c each; 3 for 80c; 10 for \$2.35. 2-yr., 6-8 ft., 60c each; 3 for \$1.65; 10 for \$5.00. 3-yr., 8-10 ft., \$1.00 each; 3 for \$2.50; 10 for \$7.50.

BARGAIN NO. 39

\$2.75 Net, Not Prepaid.

Magnolia Tripetala Attains an average height of 30 to 40 feet; has immense leaves, usually from 12 to 24 inches long, and from 7 to 10 inches wide. Leaves grow in clusters about the large white flowers and rose colored fruit cones. Flowers are from 8 to 10 inches across. Spreading branches form an open head. Fine, 3-4 ft. trees, \$1.00 each; 3 for \$2.50; or 10 for \$7.50.

European Mountain Ash (*Sorbus aucuparia*). A hardy, medium size, smooth barked tree; head dense and regular. Covered from July until winter with large clusters of bright red berries. Reaches a height of 25 to 30 feet when matured. A most beautiful and attractive tree. Strong, 2-year, 5-6 ft. trees, 70c each; 3 for \$1.95; 10 for \$6.00.

Wisconsin Weeping Willow A graceful tree of large size. Its fresh, bright green tint, and long, wavy branches make it very attractive. This is the most generally planted variety, and makes immense broad-topped specimens. Strong, 2-year, 5-6 ft. trees, 65c each; 3 for \$1.75; 10 for \$5.50.

Wisconsin Weeping Willow.

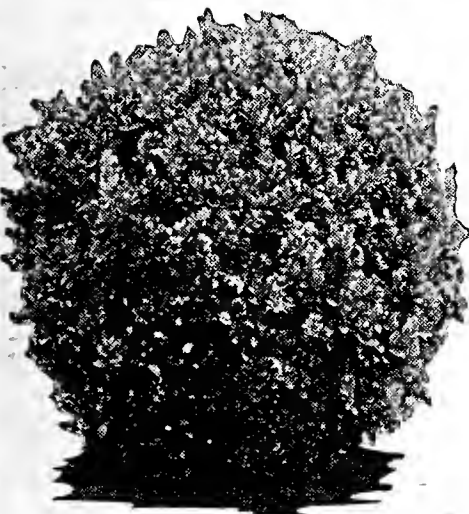

HEDGE PLANTS

Red-Leaved Barberry.

Red-Leaved Japanese Barberry

The greatest really worth while, and most outstanding novelty of a lifetime. Excepting color of foliage, it is similar in all respects to the green-leaved Japanese Barberry, so popular for hedges, shrubbery borders, group plantings, or as single specimens on the lawn. Its foliage, however, as it develops in early spring, assumes a deep, bronzy red color, similar to the richest red-leaved Japanese Maple, which it retains until fall, when it changes to vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. This unrivaled coloring is followed by the same scarlet berries common to the type, which remain on the plant throughout the entire winter.

Boxwood Trimmed to Ball Shape.

Hardy Dwarf Boxwood

Elegant dwarf shrub with deep green, glossy, dense foliage, which may be pruned into any shape desired. Propagated here in Michigan, and entirely hardy. Unsurpassed by any other hardy edging in refinement and lustrous beauty. Usually offered at very high rates, but we are now pricing Boxwood within the reach of all.

Amoor River North Privet

One of the best hedge plants because of its extreme hardiness. It is of similar form and habit to the well known California type, but much hardier. Of fine, upright growth with lustrous dark green foliage, nearly evergreen. Grows quickly, making a hedge the first

year, and succeeds in practically all soils. Especially valuable for hedges and borders in cold or exposed locations. When planting cut back to four inches above ground to make hedge bushy at bottom.

California Privet One of the finest all-purpose hedges. A pretty shrub with smooth, shining leaves of unusual beauty. Thrives in almost any soil. Equally pretty for shrubs and in group plantings. Shears splendidly to any shape or form. Sometimes subject to winter injury in the coldest climates.

Japanese Barberry (*Berberis Thunbergi*). Immune to rust. Dwarf growing, uniformly bushy and rounded in form, numerous leaves covering thorny twigs. As a filler, edging for other shrubbery, as foundation screen in front of porches, as a hardy, low hedge, it is unsurpassed. Foliage bright, rich green, turning to a blaze of crimson and gold in autumn. Small, creamy white flowers followed by oval red berries which gleam along every branch in late fall, and far into the winter.

Russian Mulberry Makes a dense hedge from the ground up, unlike most other hedging varieties. Excellent for tall hedges, but can be pruned to any height desired. Attractive foliage. Very hardy. Best hedge for the Northwest. (See illustration on back cover).

Amoor River Privet Hedge.

Truehedge Columnberry

(Pyramidal Barberry).

Immediate Effect. Patented. See front cover.

A sensational new form of Barberry, perfectly upright and pyramidal with very dense growth and heavy foliage evenly distributed from the ground up; berries very similar in color, size and habit to Japanese Barberry. Can be grown like Boxwood into symmetrical specimen. Very desirable for compact hedges. Does not require trimming.

Japanese Barberry Hedge.

Butterfly Bush.

Deutzia, Pride of Rochester.

Purple Lilac.

Althea—Rose of Sharon.

Shrubs *GREATEST VALUES* *EVER OFFERED*

Your Choice: ANY OF THE SHRUBS LISTED ON THIS PAGE — Strong, 2-year, well rooted and branched, 20c each; 3 for 55c; 12 for \$2.00.

Buddleia (Summer Lilac or Butterfly Bush). Lovely spikelike lavender blooms radiating a delightful perfume and glowing with the tints and flower shape of spring lilacs. Semi-perennial.

Deutzia, Pride of Rochester Large, white flowers tinged with rose. Profuse bloomer. Grows 6 to 8 feet tall, useful for specimens or background. Very hardy and grows anywhere.

Purple Lilac One has to travel far to find anything that can outclass the old-fashioned purple Lilac for sheer attractiveness, when in early spring its branches are a mass of gorgeous bloom, filling the air with its rich fragrance. They grow fast, and will bloom before you know it. These are extra fine, heavy bushes.

Forsythia Intermedia Earliest blooming. Lights up the garden with glinting masses of yellow very early in spring, often before the snow is gone. Thrives anywhere. Tall grower.

Forsythia Fortunei Erect growing. Tallest and most slender of the Forsythias, and especially desirable for tall background. Lovely golden yellow flowers very early in spring.

Forsythia Spectabilis Tall growing, excellent for background. Covered in early spring with glowing yellow flowers, very broad and heavy.

Mock Orange (*Philadelphus coronarius*). One of the best and most popular shrubs; tall, hardy and vigorous. Blooms in May, in graceful sprays of large, white flowers which are delightfully fragrant. Grows 8 to 10 feet tall.

Weigela Rosea Tall growing. Deep pink, trumpet-shaped flowers, borne thickly along stems in greatest abundance during June and more sparingly at intervals throughout the summer.

Weigela Candida Similar to above, but with lovely white flowers.

Honeysuckle, Tartarian Pink Bright pink flowers, followed by red berries which ripen in midsummer and cling to the bush for several weeks. Graceful, spreading branches; bright green foliage. Tall grower.

Forsythia Intermedia.

Forsythia Fortunei.

Weigela Rosea.

Pink Tartarian Honeysuckle.

Mock Orange.

Althea (Rose of Sharon). Beautiful treelike shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. Your choice of White, Purple, Red or Pink. All Double Flowering. 2-year, strong bushes, 20c each; 6 for \$1.00; 12 for \$1.85; or \$16.00 per 100.

SPECIAL. Mixed colors Althea, 2-year, strong bushes, 15c each; 6 for 85c; 12 for \$1.65; or \$12.00 per 100.

Red Snowberry.

White Snowberry.

Golden Elder.

Snowberry, Red (*Symphoricarpos vulgaris*). Often called Coral-berry or Indian Currant. Similar to White Snowberry but with red berries clustering in ropes along the weighted down stems. Grows 2 to 4 feet tall.

Snowberry, White (*Symphoricarpos racemosus*). A desirable shrub with small, pink flowers, followed by large, white, waxlike berries, which hang on the plant through most of the winter. Is very showy and succeeds everywhere. Does well in shade. Grows 3 to 4 feet tall.

Tamarix Africana Tall shrubs, 8 to 10 feet high, with fine feathery foliage and small, bright pink flowers, in slender racemes in April and May. Splendid for planting in damp or other places.

Golden Elder (*Sambucus nigra aurea*). A variety with golden yellow foliage and large, flat clusters of white flowers. Contrasts beautifully when planted with green-leaved shrubs. Grows 6 to 8 feet high, but should be pruned back severely each spring to secure denser and brighter foliage.

Snowball Well known favorite. Lovely white flowers, which appear in numerous, compact balls. Valuable for specimen plants and also for grouping and massing.

Japan Quince (*Burning Bush*). Very early in the spring this fine, attractive shrub is completely covered with dazzling scarlet flowers followed by small, fragrant, quince-shaped fruits. Foliage is dark, glossy green. Very desirable for single specimens, also hedges.

White Kerria Grows 5 to 6 feet high in rounded form. Has beautiful light green, corrugated foliage. Large, single, white flowers in May are followed by black berries which remain throughout the winter. Grows well in partial shade.

Spirea Van Houttei One of the finest of the Spireas, giving a most graceful appearance even when out of bloom. The flowers are pure white, and borne in dense clusters along the whole length of the branches. Excellent as a hedge plant or for grouping with other shrubs. Well branched, 2-year, 18-24 in. bushes, 14c each; 6 for 65c; 12 for \$1.15; or 50 for \$4.25. Heavy, 2-3 ft. bushes, at 20c each; 6 for \$1.00; 12 for \$1.85; or 50 for \$5.50. Extra large, 3-year, 3-4 ft. bushes, 25c each; 6 for \$1.25; 12 for \$2.15; or \$8.00 for 50.

Spirea Callosa Rosea A dwarf Spirea, producing large, flat clusters of reddish pink flowers nearly all summer. An especially desirable Spirea on account of its long blooming habit. Price: 25c each; 3 for 65c; \$2.35 for 12.

Spirea Aurea (Golden Spirea). A strong, upright grower, attaining a height of 8 to 10 feet, although the branches are loaded with a mass of bloom in June that makes the branches droop somewhat. The young foliage is a bright yellow, changing to golden bronze in the autumn. Price: 25c each; 3 for 65c; \$2.35 for 12.

Flowering Almond Pink. Early spring-flowering shrub, usually in full bloom before leaves appear. Growth dwarf and bushy, compact, with slender branches. Fine plants to use in grouping or for lawn. Flowers are very showy, and produced in great abundance.

High Bush Cranberry (*Viburnum opulus*). A magnificent shrub, of upright, spreading form, with smooth, light gray branches and broad, oval, 3-lobed, bright green leaves. Produces small, white flowers which are borne in broad, flat clusters surrounded by a ring of large, sterile flowers. These are followed by very showy scarlet berries, which cling to the bush all winter. Grows 8 to 10 feet tall.

Dogwood (Redtwig). One of the best native shrubs; free flowering; very handsome when in bloom, and with its white berries on red stems in the fall. Grows compactly, 6 to 10 feet in height.

Japanese Snowball (*Viburnum plicatum*). One of the very best of the Snowballs, with purple tinted leaves. Erect and compact growing, reaching a height of 6 to 8 feet. Bears a mass of white flower clusters in June.

Weigela Eva Rathke Very charming with its deep, carmine-red, bell-like flowers in June and again later. Low growing, only reaching a height of 3 to 4 feet, and spreading in character.

Japan
Snowball.

Weigela Floribunda A beautiful, comparatively new shrub, with large, showy red flowers appearing in profuse clusters and almost hiding the glossy green leaves. Commences blooming early in spring, and continues all summer. This attractive shrub should be in every border planting.

Weigela Floribunda.

Siberian Pea Shrub.

Russian Olive.

Weigela, Eva Rathke.

Russian Olive

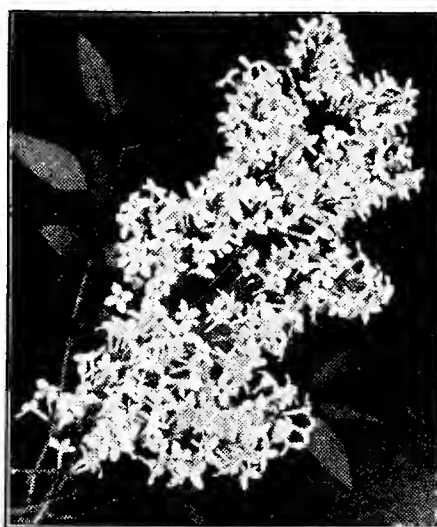

Rugged, tree-like shrub, growing 10 to 12 feet high. Foliage is a beautiful, silvery gray, contrasting sharply with other shrubs. Flowers are deep golden and very fragrant, fol-

lowed by ornamental yellowish brown fruits with silver scales.

Siberian Pea Shrub Tall shrub, 10 to 12 feet high, with bright green, compound leaves and many small clusters of yellow flowers in May and June. Useful for group or background planting. Hardest and best hedge shrub for the Northwest.

Rose-Acacia.

Persian Lilac.

Lilac, Persian Purple

A decided improvement over the common Lilac. A shrub with slender, arching branches, attaining a height of 5 to 10 feet. The foliage is small, the flowers bright purple. Blooms in May and June. A much more profuse bloomer than the common, and does not sprout so much from the roots. We consider the Persian much preferable. Extra fine, heavy bushes.

Pink Snowball - New! Perfumed!

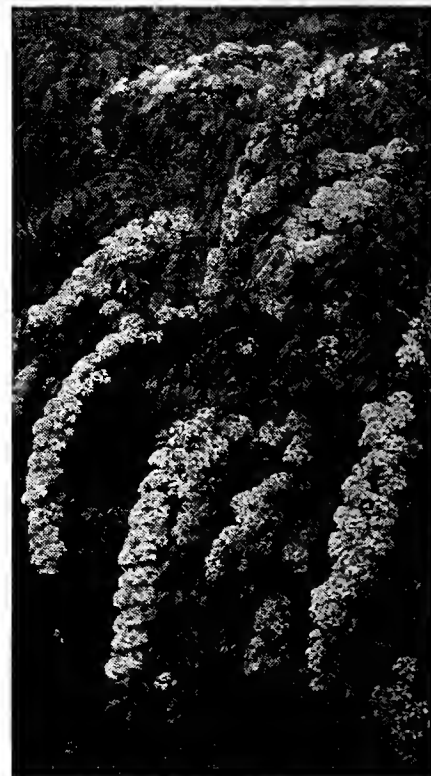

(*Viburnum Carlesi*). Produces delicate, spice-scented flowers in May and June. The buds are an attractive pink, opening into clusters of pure white. The large flowers preserve their form and purity of color an unusually long time. Bush is low growing and of rounded form. Strong, 2-year, 18-24 in. bushes, balled and burlapped, 75c each; or 3 for \$2.00.

Philadelphus Virginalis Wonderful new Mock Orange. The most beautiful white-flowering shrub that has been introduced for many years. Has very large, semi-double blooms, pure white, sweetly scented, appearing in clusters of six or seven. Closely resembles a bride's bouquet of orange blossoms; ranks among the best for cutting. Vigorous, tall grower, used with striking effect as a hedge; also makes fine individual specimens. Heavy, 2-year, 2-3 ft. bushes, 40c each; 3 for \$1.10; or \$3.75 per doz.

Beauty Bush (*Kolkwitzia amabilis*). Exquisite! New shrub from China. Covered early in May with the utmost profusion of small, bell-shaped, clear pink flowers with brownish spots and veins. The tiny rose-colored buds are fascinatingly hooded with fuzzy jackets which remain to decorate the seed pods. Graceful the year 'round, and perfectly hardy. Strong, 2-yr., 15-18 in. bushes, 40c each; 3 for \$1.10; or \$3.75 per doz.

REAL ARISTOCRATS

Daphne Cneorum

Charming "Garland Flower"

Very dwarf shrub, with spreading branches covered with blue-green leaves. Almost evergreen. Each branch stem is tipped with a dense cluster of rose-pink, deliciously fragrant flowers, in April and May, and at intervals during the summer. Hardy but should be given a sunny location in northern states. Strong, 8-12 in. bushes, balled and burlapped, at only 85c each; or 3 for \$2.25.

Japanese Spurge

Finest Ground Cover

Covers the bare soil, giving finish to your plantings. Fine for growing on banks and terraces. Averages 6 to 8 inches in height and branches freely into a dense mat. Rubbery, lustrous foliage, almost evergreen. For best effect, use 4 or 5 plants to each square foot. Grows best in shade, but does well in sun when planted thickly to keep sun from the roots. Strong, field-grown plants, 20c each; 6 for 90c; 12 for \$1.50.

Gorgeous Azalea Mollis

Strikingly beautiful. A flaming mass of orange, yellow or red bloom during May. The large, 2½-inch flowers appear in bunches at the ends of the shoots. Hardy. Grows about 2 feet high, and does well in both sunny and partially shaded locations. Strong, 12-15 inch bushes, balled and burlapped, only \$1.25 each; 3 for \$3.25.

Blue Hydrangea

Loveliest Novelty Ever Introduced

Immense blooms of most charming blue color imaginable. Flowers in great profusion. Blooms pink flowers on the one-year stems, followed by blue on the two-year wood. In other words, it is necessary to have the two-year-old wood to have the Blue Hydrangea. Cover in winter to protect from frost. Fine, 8-12 inch bushes, 75c each; 3 for \$2.00. Strong, 18-24 inch bushes, only \$1.25 each; 3 for \$3.20.

New = Chaste Tree = Rare

(Vitex macrophylla — Large-Leaved)

Here's the shrub gardeners everywhere are looking for. Lovely lavender-blue flowers—a color rather rare in hardy shrubs. Blooms from July till frost. Succeeds anywhere; grows 6 feet tall. Heavy, 3-year-old specimens, 2-3 ft. high, 95c each; 3 for \$2.50.

BROADLEAF EVERGREEN SHRUBS and associating shrubs, such as Azalea, Daphne and Spurge, grow best in an acid soil. This condition can be induced by application of Aluminum Sulphate, one-half to one pound, or Sulphate of Ammonia, one to three pounds, sprinkled evenly over a square yard of surface and spaded in. Don't allow them to become over-dry.

ORDER BLANK. Be sure to use Order Blank and Return Envelope provided. It prevents errors and insures prompt attention. If you do not have an Order Blank, you may order by letter.

ORDER EARLY. By ordering early you will find us with a full line of stock, and your order will be shipped when you want it, with no chance of delay. Early cash buyers receive a Liberal Gift Planting. Be one of them. (See page 2 for details).

TERMS. 10 per cent discount on all orders accompanied by cash in full, except Special Bargain Offers or Special Quotations, which are net. C. O. D. Express or Parcel Post shipment if you prefer. (See page 3 for full details).

CLAIMS. All claims covering condition on arrival, shortage or errors, must be made within 5 days after arrival. If stock arrives in bad condition, be sure to furnish signed statement from express agent or postmaster, showing extent of loss or damage. All claims will be taken care of under the terms of our Guarantee printed on page 19. Claims not made in accordance with the terms and conditions of this paragraph cannot be considered.

EXPRESS AND PARCEL POST SHIPMENTS. On express shipments, be sure there is an express office at destination you give. When ordering by Parcel Post be sure to follow our instructions below at right.

If the size or weight of the bundle is too great to comply with Parcel Post requirements, or contains nursery stock difficult to handle by parcel post, we reserve the right to change the routing to express; but in all such cases, any money advanced for the payment of postage will be immediately refunded to customer. Do not ask us to send 5 to 6 ft., or 6 to 7 ft. fruit trees by parcel post, as in order to meet parcel post requirements these trees must be cut back so far that they are very likely to be injured. If you insist on parcel post delivery of these large sizes, we cannot be held responsible for damage to trees.

Express shipments of nursery stock now travel at 2nd class rates, making charges on all packages and bundles about 25% cheaper than formerly.

HOW TO REMIT FOR YOUR ORDER: 1.—By postal money order. This can be purchased at your postoffice, or if you live on a rural delivery route, carrier will attend to sending it for you and bring you the receipt. 2.—By registered mail. In this way you enclose the money itself with the order, taking the Government's receipt, which is your protection. 3.—By express money order. Can be bought at any express office. 4.—By personal or cashier's check. Make it payable to The Whitten-Ackerman Nurseries. Money Orders Preferred.

Do not send cash unless you register your letter. Cash or stamps when sent by ordinary mail are likely to be lost, in which case we are not responsible. We do not pay duty to foreign countries. Please Do Not Send Postage Stamps.

BARGAIN COLLECTIONS—Cannot be Altered, Divided or Changed in Any Manner; Neither Can They be Shipped C. O. D. for Purchase Price, as They are for Cash With Order Only, and are Priced Net, Subject to No Discount or Free Plant Offer.

SUBSTITUTION. In ordering be sure to state whether or not we shall substitute some other variety in case the kind ordered is exhausted. If not forbidden, we reserve the right to substitute some similar variety of equal or greater value, but will always label substitutes true to name.

FALL SHIPMENTS. Our stock is fully matured by October 1st, and to southern customers or others wishing to plant in the fall, we can make shipment during October and November.

ACKNOWLEDGMENTS. Orders acknowledged same day received, and shipped in season, or as per instructions you give.

Parcel Post Rates

HOW MUCH TO INCLUDE FOR POSTAGE WHEN YOU SEND CASH WITH ORDER

Use for orders over \$3.00, and for shipments into states where we do not advance postage. See note at right.

First locate the group of states in which you live, and it will then be easy for you to determine from schedule below the proper amount to allow for postage on your order.

[GROUP NO. 1]	[GROUP NO. 2]	[GROUP NO. 3]	[GROUP NO. 4]
Southern Michigan (Grand Rapids, Owosso, and Port Huron; and all towns South thereof).	Northern Michigan (All towns North of Grand Rapids, Owosso, and Port Huron). Southern Indiana (All towns South of Indianapolis). Illinois, Iowa, Kentucky, Ohio, Wisconsin.	Arkansas Delaware Kansas Maryland Minnesota Missouri Nebraska New Jersey New York North Carolina Pennsylvania Tennessee Virginia West Virginia	Canada, and all other states not included in any of the three preceding groups.

(Schedule of Parcel Post Rates)

Add to your order for each 100 plants:

	Group No. 1	Group No. 2	Group No. 3	Group No. 4

PARCEL POST ORDERS

If you live east of the Mississippi River, or in Iowa, Missouri, Kansas, Nebraska or Minnesota, and your order amounts to \$3.00, or less, we will advance postage on your order, you to remit upon receipt of shipment. On orders over \$3.00, and into other states, include postage with order, using schedule to left.

ORDER SHEET

Am't Rec'd.

PLEASE WRITE PLAINLY. Also list the six names in space provided on other side if BLUEBERRY PLANTS are to be given free with order. They will not be included otherwise.

"DOGZOFF"

USE "DOGZOFF." Do you know that dogs mean death to evergreens? So we suggest you use this spray around the base of your trees. Also protects your shrubs and young trees. It's not poisonous (even to dogs) and not offensive to humans. One spraying will last from 3 to 4 weeks. Also keeps away rabbits, cats, mice, and moles from any place where they're not wanted.

"Dogzoff" is applied with any small insect sprayer, and one application usually does the work.

TWO OUTSTANDING NEW ROSES

Nigrette "THE BLACK ROSE OF SANGERHAUSEN." Imagine a Rose of such an intensely deep maroon, with fascinating blackish velvety sheen, that at a distance it appears almost black! The flowers are of fine form, cup shaped, and deliciously fragrant. Continuously in bloom. The most outstanding new European Rose.

Strong, 2-year, field-grown bushes, \$2.00 each; 6 for \$10.00, postpaid in U. S.

Countess Vandal THE SENSATION OF THE CHICAGO WORLD'S FAIR, and of national and foreign Rose shows. A Hybrid Tea Rose with long, pointed buds and large, double blooms, richly fragrant. Lovely shadings in color—coppery bronze suffused with rich gold. Strong grower.

Strong, 2-year, field-grown bushes, \$1.00 each; 6 for \$5.00, postpaid in U. S.

Nigrette.

NIGRETTE and COUNTESS VANDAL are patented under U. S. patent laws.

Countess Vandal.

Ile de France.
